(Jun 26, 2015 12:57 AM)cragland94 Wrote: [\[CITE\]](#) Is this method grey, black, or whitehat?
This method is completely white hat.

QuickYT - June 26, 2015, 1:01 am

(Jun 26, 2015 12:58 AM)Serion Wrote: [\[CITE\]](#) This method is completely white hat.one more question.

Any Minimal investments?

Serion - June 26, 2015, 1:02 am

(Jun 26, 2015 01:01 AM)cragland94 Wrote: [\[CITE\]](#) one more question.

Any Minimal investments?

Investment is required. And the minimal invest all depends on how much you feel comfortable with.
In the eBook I use a \$600 investment as an example.

+One - June 26, 2015, 10:47 am

eBay Annihilator | AUTHOR: Serion

INFORMATION

This is the first Book I've read by Serion. By the first look, it looks like pure professionalism. He has his own techniques on writing and he has structured all the methods into sections, the book is in general very easy to follow as the English is excellent. Serion is by far one of the greatest authors on HF.

Content | Let's take a brief look at what this book contains.

4 different and very unique money making methods, or rather techniques on how to obtain money.
Excellent and understandable grammar, great structure, makes it easy to follow without any troubles.

Each method is very detailed, he explains the method and includes all the details you should know about.

Approximately 13 pages of high quality content.

Functional methods, non-saturated.

All the methods are both explained with picture and text.

Expectations:

If you do have the time and dedication, you could earn up to \$500 in the first or two weeks, just by the looks of it.

This is so well explained that you could actually set up every method he has involved over the night. Wake up the next day and you've already made money.

The great thing is that the methods aren't similar at all, there is 4 different methods, and they all have nice techniques.

FIRST LOOK

The feeling when you just open the .pdf file is astonishing, you open up a book you've never seen before. Just by the first looks you can already tell your money was well spent. Just by scrolling

through very fast and looking very briefly at every page, you can see that Serion has put a lot of his time and dedication into writing this book. The grammar and structure is flawless, which makes it easy comfortable for the eye to read. The graphics looks very good, he has put some texture and decoration here and there to make it looks better. The first thing you should do when you open the .pdf file is to read the legal & Copyright Information he has put on there, this just shows how legit this is. All the methods are carefully explained with pictures step by step.

THE CONTENT

All right, let's take a look at the content, although I can't tell too much about it, since that would ruin the whole thing also I would be leaking his book, some few things I can say though is how the e-book is set up and what it contains. His introduction is a warm welcome in to his e-book. Scrolling further down looking at the first method. Method 1 is written out in 4 pages that is not because the method takes very long time to set up, that is because Serion took the time to put a lot of details into it to make it understandable compared to other e-books which just mentions the step et cetera. The second and third method are the easiest to perform in my opinion, they are also well written and have good structure. And basically as you can see there is 1 more method and that is method 4. Forget what I said, method 4 is indeed the most easy and best method inside this e-book. You know what, forget what I just said again, all the methods are good in a different way and they have their own perks. And last but not least, you got the farewell note, and that is also a warm conclusion and motivate little speech. With his signature at the end.

WHAT IS THE MOST I CAN EARN? AND HOW FAST?

By just reading and understanding the ebook, I would say around \$500 at least within the first 1-2 weeks, guaranteed. Of course if you don't do things correctly that's always your fault. The excellent thing is, Serion hasn't only written and provided you with only one method, but actually 4. So stacking these methods together and performing them at the same time, which yes is possible, will make you a lot more money than I just mentioned above.

ORIGINALITY | WHAT IF I PURCHASE AND I'VE SEEN THE METHOD BEFORE

Straight and simple, you have never seen this before. Of all the online books I've read made by HF users, I've never seen these money making techniques. I suppose The Serion has been very lucky and found some new ways to earn a lot of money with such little requirements and time.

HOW CAN I BE SURE THE METHODS WILL BE FUNCTIONAL

You will not be sure before purchasing of course, but once you open the book and take a look at the content I think you'll be pretty convinced that these methods WILL indeed work and earn you money in short amount of time. These methods are simply based on logic, they will work in any matter whatever you're trying to do. Although the last method may be dependent on strategy, more than that I can't say. All the methods are and should be very safe, and they are explained how you perform them in the correct way so you won't do anything wrong. So if you go to Serion and complain about the method, or you contact him and need help, I suggest you should read the book really carefully again, because I'm pretty sure he hasn't left out any details for you to read. As I said, you won't be sure if they work before you purchase.

IS IT LEGAL?

Yes, and yes. That would be my only short and simple answer but let me explain something, if you struggle to make money, and do not know how you can obtain money in simple ways, then this is the book for you. It is simple, and legal, what else is there to make this better? Oh yeah, it is written by the one and only Serion.

HOW MANY TIMES CAN I PROCEED THE METHOD AND FOR HOW LONG WILL I EARN MONEY

For the most part, these methods included are auto-pilot. That means, that you will have to set this up once and just maintain the methods and keep them in good condition if you know what I mean. You will earn money for how long you want this to last, as long as you keep these up to date, everything should work completely fine.

I DON'T HAVE ANY EXPERIENCE WITH MAKING MONEY, AND I HAVE NO EXPERTISE

Don't worry, this is a completely beginner tutorial. Anyone could have understood this method. Give it to your kids and they'll make you a money fabric in no time. As I mentioned above, this is so well written that you can't miss on anything. You don't need to be an expert in any field, just reading, and understanding pictures.

FINAL ASSIGNMENT

A 10 year old little boy can take advantage of this e-book and make more money than an average man. It's so . It's all legal methods following the law. You don't need to have any basic knowledge about anything. Most of the methods are a one time setup. High amount of earnings can come as fast as only 1-2 weeks. The author has written the e-book so it's understandable with excellent grammar and structure. Have fun purchasing this e-book, you won't not regret the money spent on this.

Serion - June 27, 2015, 5:41 pm

Please let me know if you need help, out of town and just got internet.

There seems to be an issue with Paylvvy and it not sending downloads, if you have purchased this and haven't received the product please PM me.

Decipher™ - June 28, 2015, 3:50 am

Wow nice! I think this will be a Quick way to get CASH!

SoCloseToToast - June 28, 2015, 7:38 am

Any investments required and is it selling accounts on eBay?

Serion - June 28, 2015, 9:44 am

Investment is required and this does no include selling accounts or drop shipping.

uTrip - July 4, 2015, 12:27 am

Can vouch for Serion, im proud to say im involved in his other lucrative scheme's to make me fast money online.

we had a chat and he sounds like he will be releasing a new method which i beta tested and earned a total of 7 btc.

Paid serion only 2.4 of it he let me keep the rest!
