Thread: [FREE | BOOSTING STARS * Get higher rank right now!](#)

xx-h4x0r - June 26, 2015, 2:54 pm

Hello guys, I have tried to open a boosting services but I have been feeling generous and I can boost for free RIGHT now if you want.

I am iLLeGaL, Supreme on my main account and Legendary Eagle on my smurf. I got another account that currently has 5 wins out of 5 games. If you need proof, let me know and I can screenshot my accounts. I can play solo or duo queue (if you provide me another account would be perfect). I recommend you guys to read the FAQ! As for contact, adding me on steam is the best option.

Anyways you can have my steam links:

Main: <http://steamcommunity.com/id/LSousa>

Smurf #1: <http://steamcommunity.com/id/linhadazambuja>

Smurf #2: <http://steamcommunity.com/id/smurfiLLeGaL>

F.A.Q

Q: Will you use any kind of cheats?

A: No, of course not! I got myself to Supreme without using cheats, so I can promise I will be 100% legit.

Q: Why you over other boosters?

A: Good question... it's up to you to decide. All I can say is that I pride myself on being able to provide the best service in this forum for a relatively average price.

Q: Will my account be safe?

A: Yes, of course. I take the most precaution possible in handling your account. While using it, I won't speak to anyone plus using the marketplace (I will be restricted!). I ensure the trustworthiness of everyone that works for me and guarantee that your account is in great hands with me.

Q: Who will boost me?

A: Only me. No one else!

Q: Will you stream my games?

A: Only if you want so. I can stream in high-quality and on twitch.tv.

Q: Will my items be safe?

A: Yes, I will be temporarily banned for 7 days from trading and using the marketplace. It is a Steam feature.

Q: What is your payment method?

A: At the moment, I am only accepting Paypal and/or CS:GO items.

T.O.S

- 1) No refunds under any circumstances, unless I wasn't able to provide the service, BUT! we discuss this before any action is made;
- 2) Do NOT login to the account while boosting is in progress;
- 3) Your account is yours, I won't speak to anyone nor use the marketplace;
- 4) You agree to these terms upon purchase.

Any donation is welcomed, but is optional. It helps me to keep motivated to help the community

Well.. ur inventory is really crazy. damn

xx-h4x0r - June 28, 2015, 7:32 am

I'm online right now in my smurf #2. Gonna wait 5min to see if any of you add me for some games.

Btw guys, I live in Europe. AUS/US players would have to let me play on their account to get boosted.

Solntsevskaaya Bratva - June 28, 2015, 7:46 am

Just wondering, you have "free" in your thread name however several text lines indicate that there needs to be a payment for it.
Can you explain this please? Free or not.

zsh- - June 28, 2015, 7:54 am

For anyone who isn't aware, if you plan on letting someone else on your account you can always turn on family view. That will restrict them from accessing settings and even changing your name without having your unlock code

nya?? ?? ??? - June 28, 2015, 8:26 am

Vouch nice guy carried hard dropped a 40 bomb against Legendary Eagles.

Really nice games. Loved the conflict between your friends haha made the games even funnier! Clean 2-0 we got there with me dropping 40 and 30 bombs :D thanks for playing with me and of course, the vouch :)

Up for some games, HOWEVER, I will have to play in your account (unless you have an extra one) due to the fact that my Smurf #2 is still in placements and I already got the 2 wins today.

I'm online in my Main account right now. Make sure you comment here saying where you added + your name because I normally ignore people because I think they gonna try to scam me.

Sorry didn't see your question. And yes, it's free for now! That's why I lowered the text size on those. I copied everything from my sales thread that I didn't have any luck, sadly. For now, YES IT IS FREE! :)

Right now my Smurf #2 isn't an option. So probably Smurf #1 or in your account.

By the way guys, I'm up to stream the games if you want.

That happens when you don't read but it's fair enough, who would read all comments? xD anyways, like I said, I just copied my csgo boosting sales thread and made sure that everyrthing regarded payment was small so people wouldn't notice/care.

It's free, don't worry about any payment whatsoever
