Thread: [Most Amount of Fan Service in One Anime?](#)

Wirt - June 28, 2015, 8:38 pm

I was just watching Rosario to Vampire (and the second season) and almost every second literally either had pantie shots, cleavage shots, or nudity. It didn't really add to the anime but it didn't take away anything from it either.

So what's the most fan service heavy anime you have seen, that's not hentai? ?

Erby - June 28, 2015, 8:48 pm

Probably Eiken. I 10/10 didn't like it. It has absolutely no backstory, route, or really any story.

I am assuming the whole anime revolved around pantie shots and other fan-service? lol

I highly suggest you looking at it yourself. I can tell you just by watch it that 95% of the budget money went to the boobs' design. About 2% went to panty shots and the bad character design. The last 3%, well, nobody knows.

Personally I felt that Kill la Kill was mostly fan service.

I am not sure why but thats just my thoughts.

Esdese - June 28, 2015, 9:18 pm

Aside from the obvious HS DxD/HSotD, I'd have to say Yosuga no Sora.

phitran - June 28, 2015, 9:21 pm

Maken-Ki 2nd season.

There was literally no plot that I could remember of.

Duyere - June 28, 2015, 9:26 pm

Basically every shounen anime that's ecchi/harem.

Black Reaper - June 28, 2015, 9:30 pm

Most fan service heavy anime i've watched is Kiss x Sis & To-Love Ru. BTW i dropped Kiss x Sis after watching some episodes.

Oliver Sykes - June 28, 2015, 9:33 pm

DxD and HSotD are obvious. Baka and Test had a lot, iirc.

resent - June 28, 2015, 10:18 pm

Kanokon. Whole damn series is one giant fan service.

OmgWdf - June 28, 2015, 11:17 pm

To Love Ru preferably, Kiss x Sis is another option.

Bayleef - June 29, 2015, 12:20 am

Kiss x Sis for sure. That anime turned me off from people for like a week.

I feel like that kind of fan service is nothing but bullshit, it's just there to give boners to viewers while adding nothing to the story, there's 2 kinds of fanservice/ecchi done right, one that fits the scene and one that doesn't and in 90% of the anime it doesn't fit.

Maybe it gives some people erections but certainly not me.. it doesn't really add to the story but it doesn't take away from it either. There are some that gets in front of the story which is bad, but others that just compliment or go along with the story isn't too bad.

Fairy Tail has excessive amounts of fan service at times

KyHax - June 29, 2015, 3:18 pm

I haven't really seen an anime with ALOT of fan fiction but I saw like 2 episodes of this anime which I forgot the name of and so much boobs, sexual references, horny girls, short pants, tight clothes, cleavage shots. But at the amount of evidence I've seen so far on my research on SAO 3 it looks like it will some videos below to prove:

<https://www.youtube.com/watch?v=bD0nFmu2jKc> - I don't know if this is a troll or just a really in-depth prank that he's doing, only ever seen this video. Can't find other sources.

High school anime tend to have a lot of fan service. e.g. HS DxD
