Thread: [Need nice name for my company \(tech company\)](#)

K?irito - July 1, 2015, 11:39 pm

Hey all im about to start my very own company irl (tech).
And im currently trying to find a nice and simple name with a logo.

Something short and easy to remember.

I had the idea of: BlueMist but yea not quite sure anymore.

Help please? xD

Im still looking for new ideas guys :D keep them going please

Brendan - July 2, 2015, 12:49 pm

"Too Many Cooks".

Has a nice ring to it, eh OP?

wellager - July 2, 2015, 1:07 pm

BlueMist sounds amateur-ish as hell
TechSupport is ok

litetech

or ubertech. thats sounds great to me :)

SawCyanic - July 2, 2015, 2:47 pm

Call it mistwave and then get a .io domain so you'll have mistwave.io

K?irito - July 2, 2015, 3:04 pm

I kinda like the ubertech but still, no idea for a cool logo and yes, not super orginal but yea i like it

TDIAL - July 2, 2015, 3:06 pm

Should make it Ub3rTech,in honor of HF and it would let customers know you are l33t tech savvy.

Leavesgreen - July 2, 2015, 3:11 pm

may help knowing what the company will be doing?

K?irito - July 2, 2015, 3:15 pm

The main purpose of the company will be technologie developpement and AI research
