On August 20XX, a gate suddenly appears in Tokyo's Ginza district, unleashing a portal where monsters, medieval knights and other fantasy beings come from another world and wreak havoc on Tokyo. The Japanese Defense Force take action against these monsters and push them back into the "Gate". Third Reconnaissance Team is dispatched to the "Special Region" lead by officer (and otaku) Youji Itami. On their travels, they are joined by a beautiful elf girl who is a survivor from the dragon's rampage and guide the group across the dangerous new world.

The first episode has been released on :

Duyere - July 3, 2015, 3:57 pm

Yeah it is really very interesting :D

Bezo - July 3, 2015, 4:06 pm

Do you know if this has a source material or is it original? I like knowing if there's a source since I enjoy reading.

Kiyoshi - July 3, 2015, 4:12 pm

Eeh, the first ep was mediocre imo.

Hoping it will get more interesting further in the series - cause I need some good anime asap. :(

The manga version, if that's what you meant by source material.

Duyere - July 4, 2015, 2:27 pm

I watched the first episode today and it was alright. It seems like it will be interesting later on. Also heard good reviews of the manga.

Aura - July 4, 2015, 7:52 pm

Just watched the first episode. Curious to see how the MC will turn out since he looks pretty laid-back.

Kirit????o - July 4, 2015, 7:53 pm

Reminds me of that anime about magi's that catch dungeons etc that appeared all around the world.

Anbu - July 5, 2015, 2:03 am

Too new. No dub. No watch. D:

Tasemu - July 5, 2015, 5:27 am

Just watched Episode 1. Pretty good, though a little different from the manga.

If this ends up being anything like the manga then you are all in for a treat! ^^

I used to be the same as you, after watching two shows without dub you get used to it and listen more for expression rather than words.

Episode 2 was awesome btw!

Schatten - July 10, 2015, 11:32 pm

The first episode wasn't anything special. It was okay but it's nothing to really get hype over imo.

iKickCats - July 11, 2015, 3:35 pm

I watched the two episodes last night, so far I like it, my only complaint is I feel the anime could be a bit more gory. I like the mc already though for reasons posted in the thread earlier also.

Spoiler [\(Click to View\)](#) how does a .50 not penetrate a fucking dragon?

Isn't the blu-ray version will be the uncensored one? They avoided showing gory scenes, but maybe in the final version.

Swip3r - July 11, 2015, 5:38 pm

Seems interesting I suppose, always looking for new Anime so I'll give the first ep a watch.

Who knows what qualities it's scales have. They could be very thick or just incredibly absorbent of the impact.

L?gic - July 11, 2015, 11:37 pm

Looks real interesting! I'm gonna watch both episodes today and report back ?

Just watched both episodes,

So far it's rather standard imo. Nothing special has happened but I feel there is alot more to come, alot more to learn and

especially with what happens at the ending of episode 2 ?

iKickCats - July 17, 2015, 5:46 pm

Spoiler ([Click to View](#))

I'm loving this anime's quotes

Houtarou - July 18, 2015, 1:40 am

The show isn't really anything that special, but I am enjoying it so far lol. Just finished the third ep a little while ago.

Chad ThunderCock - July 18, 2015, 6:34 am

Read the synopsis, got hyped.

Watched first ep, very disappointed. Wow. I don't even know if I should grind it out for the third ep..

Duyere - July 20, 2015, 6:13 pm

Rory Mercury is my favorite character so far. I love her Gothic loli dress and she's just cute omg.

Only thing bothering me is that she's 13 lol. The MC is gonna end up shagging her.

Nagisa Furukawa - July 20, 2015, 6:15 pm

This really looks sick as fuck

Haggard - July 21, 2015, 3:03 am

Tsu-kun - September 2, 2015, 5:15 am

I thought this anime didn't have a duscussion thread here ._.
Spoiler [\(Click to View\)](#)
I don't ship Rory and Itami. That fucking cliffhanger tho..

You know what? I wish it's something like: Those strange people got in, Itami knew they're there, there was a bullet flying to get Rory, Itmai pulled her down ;)

(I just don't like them as a couple.)
Oh oh almost forgot, Rory with that bitch was such an epic moment, she literally made her shut up.
(Ep. 8 :P)

But this episode was actually amazing! Rory going wild is very amusing to watch! And I'm actually surprised about her being invinsible, thought it's different than other anime at this point but well..
Pre-god can be invinsible..

Aura - October 4, 2015, 7:06 pm

Watched Gate today and I already can't wait for the Season 2 in January of 2016. Obviously, it's an Anime I recommend to everyone :smile

This Anime is the best thing since slice bread.

RainbowHentAi - October 7, 2015, 9:07 pm

Can we all agree that A-1 Pictures and Aniplex are really good producers

\$uicide - October 7, 2015, 9:42 pm

I really wish the military guy that's the main character would just say fuck guns, grab a sword and start wrecking... kinda annoying that he kills one with a knife in the first couple episodes but uses boring old guns the rest of the time.

Chad ThunderCock - October 8, 2015, 12:05 am

I just finshed, kinda late but yea, amazing anime, 8/10. better than expected + Rory best girl
