Thread: [\[:: MASTER BOT NETWORKING :: \] - Proven Advanced Bot Networking.](#)

Armada - July 4, 2015, 12:54 am

SEE IT TO BELIEVE IT

Spoiler [\(Click to View\)](#)

What this is not: This is NOT AN EBOOK

This is not a "Method", public or private.

This is not a wild promise on "Spreading to get massive slaves" or "Guaranteed Instant Slaves"

This is not a gimmick or trick

This is not your typical 2-3 page ebook.

What this is: This is a fully printed physical BOOK

Proven certified networking experience, placed in plain english for even the simplest comprehension.

Detailed explanations of bot networking topologies

Proven security protocol and practice for running effective bot networks.

Full High Quality release as expected to come from myself.

Cheese - July 4, 2015, 2:25 pm
Might buy this in the future!

Looks good man! GLWS

imcullenm - July 4, 2015, 2:26 pm
Armada is a high quality user. I wish you the best of luck with this : =) !

IDK - July 6, 2015, 8:00 am
Looking like a good ebook GLWS with the sales ?

Bo Burnham - July 6, 2015, 1:37 pm
Armada won't let you down with this ;)

He's a HQ guy who never fails to supply the community with helpful shit.

lxcalthxst - July 6, 2015, 1:39 pm
Vouch, Armada knows his shit!

Armada - July 6, 2015, 2:47 pm

This is NOT an ebook.
- I would have posted in the ebook section if that were the case.

To be clear, users who buy this product are not buying this from ME directly, they are purchasing through one of my publishing agents, and will receive a PHYSICAL PRINTED BOOK. Not some random 2 page PDF.

@ Hitman, imcullenm & lxcalthxst, appreciate the vouches.

?

spidum - July 6, 2015, 11:02 pm
This is actually really cool. I wish that this was around when I was new. I am going to honestly consider purchasing a copy of the book. If for no other reason it would be a cool conversational piece. You should specify that it's a physical book in the title I think a lot more people would be drawn to the thread. I bet it feels good to have a book published, good job man.

Vouch from me!

Armada - July 6, 2015, 11:17 pm

I figured the ISBN and "Perfect-bound Paperback" were clear, but yea your right.

Gonna update the thread right now.

XuidDump - July 12, 2015, 11:47 pm

Vouch for Armada.

He's a knowledgeable HF member, and knows what he's doing.

Looks like a very interesting E-Book, and you should definitely buy it if you're looking to learn about Botnets!

problems.x - July 14, 2015, 4:49 pm

Vouch for Armada. Very HQ and I'm sure his book is very hq as well.

Armada - August 24, 2015, 6:20 am

Just got my printed edition. Print is as high quality as I have come to expect it to be. ?

APPROVED FOR AMAZON AND BARNES AND NOBLE SALE!

Unauthenticated - August 25, 2015, 11:39 pm

Good to see a real book in this section, I'll be waiting for real reviews and not "hq user, vouch4myfriend, etc..".

Nice cover btw.

House M.D™ - September 3, 2015, 5:18 pm

how many copies have you made (and if you dont mind how much did it cost you)

Armada - September 3, 2015, 6:17 pm

Will PM you info. ?

?l??? ??t - September 3, 2015, 6:25 pm

hough vouch for A?m^aĐa,

he is the best man if its about ratting and networks.

House M.D™ - September 3, 2015, 7:19 pm

VOUCH for A?m^aĐa

Diagnoses:Knows his shitttttt Knows his shitttttt

Armada - September 19, 2015, 5:19 pm

Officially listed on Amazon and Barnes and Noble. ?

Yakz - September 29, 2015, 4:24 pm

With Armada's services you can't go wrong, big vouch!

Mad76e - January 8, 2016, 11:36 pm

Woah.. That book look nice armada

Nomad.Null - January 8, 2016, 11:43 pm

I can honestly say I don't know anyone else who knows Malware better than Armada. I don't go black-hat, but for those that enjoy dabbling with botnets, I can promise that Armada does not disappoint. I trust him with all my questions and personal requests for malware analysis, and he has never disappointed me. Looking forward to reading this. ?

Kedox - February 20, 2016, 7:53 pm

Vouch for Armada, he is extremely HQ and what ever he is selling will be to the highest standards.

Niko - February 22, 2016, 9:15 pm

Very HQ User and Extremely High Quality Product.

Armada - February 26, 2016, 7:20 pm

Still up for sale and needed more than ever!

TheChi?f - April 24, 2016, 2:03 am

Might give this a try later. Looks interesting.

Ginsum - June 5, 2016, 5:56 pm

I've read this; he took the strong effort of making it easy to read and filled with enriching information.

Armada - August 11, 2016, 5:41 am

Still readily available. ?

Forget the Ebooks, Buy a damn BOOK.

Available on Amazon and Barnes and Noble. ?

Closed User - August 11, 2016, 7:41 am

Is it possible to get the book in pdf format? :)

Armada - August 11, 2016, 7:42 am

(Aug 11, 2016 07:41 AM)The Thrill Wrote: [\[CITE\]](#) Is it possible to get the book in pdf format? :)
No.

Armada - November 22, 2016, 5:48 pm

This is still well for sale. ?

Menace Man - January 20, 2017, 7:14 am

What price? I'll buy this for the right price?

Are you able to edit the book and author ect?

Humango - August 29, 2018, 9:37 am

This looks highly spicy.

=) GLWS

momo00 - September 30, 2018, 10:22 am

This is a sales thread, not a support thread.

Post a thread in the correct section for assistance.

Janndwayne - October 2, 2018, 2:01 am

bro i want to buy this but i dont have knowledge about this. only i know is to buy bots.. and use in hvnc.. i want to spread by my own but i dunno how to start..

Armada - October 2, 2018, 3:11 am

(Oct 2, 2018 02:01 AM)Dont-Wag Wrote: [\[CITE\]](#) bro i want to buy this but i dont have knowledge about this. only i know is to buy bots.. and use in hvnc.. i want to spread by my own but i dunno how to start..

This book covers the building and design for Large scale botnets, it does not cover spreading techniques or other such principals.

For that, I would recommend:

<https://hackforums.net/showthread.php?tid=5879159>

salifiti - October 2, 2018, 5:46 am

Looks good, but do you show how to code a botnet or get a source code to start with (for the console + malware)? I am new to this but not new to networking and programming.

I am asking this because you state that the book is about "building" and "designing". Is it practical or theoretical ?

Thanks,

Armada - October 2, 2018, 6:31 am

(Oct 2, 2018 05:46 AM)salifiti Wrote: [\[CITE\]](#) Looks good, but do you show how to code a botnet or get a source code to start with (for the console + malware)? I am new to this but not new to networking and programming.

Thanks,

No, this book covers the Applied Networking concepts to building large scale bot networks.
