Hey all ?, IF you had the chance to be in a anime "world" would you, and who/what would you be? ?

GenericSkid - July 4, 2015, 11:38 pm

No. But having optical implants that could skin worlds in different styles (realistic[none], anime, painted, voxel, etc) would be beyond good enough.

Kirit???o - July 4, 2015, 11:40 pm

pretty sure i would either be The Irregular at Magic High School or Sword Art online xD actually No Game No life would be great too xD

Anbu - July 5, 2015, 2:05 am

I would move into Guilty Crown.

someguy - July 5, 2015, 3:10 am

I would probably be in a world that resembles a game to be honest haha. You know like leveling up.

Kyrus - July 5, 2015, 3:36 am

Wipe me feelings and memories of this world but keep my self consciousness.

Then let me reborn in No Game No Life :)

So something like No Game No Life? Everything is decided by games

Definitely not Pokemon. I'd say about 1/4 of the people commenting are going to say Pokemon. If you actually think about it, Pokemon irl would be fugly so naruto all that way, I'd rather get hit with a ninja star then looking at a Psyduck
