Can I enter?

J/k vouch for my bro Shay, biggest retard I know.

RagonHunter - July 5, 2015, 12:23 pm

I'm always prepared to help other members in need.

Have been busy with school lately but will be active [as hell] once again.

Made enough hours on the forum and outside the forum with the people from here to help or relax.

(GTA V chat and other related stuff)
Hope I will make any chance to win this

Thanks Tobi <3

Thierry - July 5, 2015, 12:25 pm

Can i enter this later if i qualify?

iReFuSe2LoSe - July 5, 2015, 12:26 pm

I'd love to enter, as I'm a very contribution member, and I love helping others out, and want to do more and feel like more than just an average "member", whom often gets misjudged by the community, as they're "untrustworthy", when most of them are trustworthy, it's the l33t's and ub3r's whom aren't, as no regular member goes on a "scamming spree", I plan on releasing a few more guides for members and wish to help the vast majority out with my skills.

philippxmaster - July 5, 2015, 12:52 pm

Im here since 2013 and have really much neg rep. I don't feel HQ, but maybe you judge me otherwise.

Good luck to all other and i hope you guys win.

iloominati - July 5, 2015, 1:09 pm

Don't pass up on this, shay will come through and pick the most HQ regular member here so be sure to give it a shot

Mescudii - July 5, 2015, 8:04 pm

I'll enter in on this, please disregard that I don't actually have a pleasurable list of threads that I've made to help out the community. I do not work that way, I like to help others through private message or whenever somebody needs something. You can private message some of the people who have repped me and ask why they did. Thanks for the contest op, good luck to others.

I give my heart to anything I care for, and though it may not seem like it, I promise with everything in me I care for HF.

I try to contribute as much as I can, without seeking attention. I want to be a example of what real quality means, not the generic idea of "HQ" where you post as much as you can, and mindlessly asskiss anyone avoiding any differences.

Every post I make, I try to make sure it has some meaning and contributes to the thread. My goals here are mainly me to grow, rather than gain attention or anything like that. I wish to spread my knowledge, learn some things and help as much as I can.

Thanks for the opportunity.

sHAY - July 8, 2015, 6:59 am

This is still open guys! ?

Tits Are Savages - July 8, 2015, 9:49 am

So here is why i think i deserve it :)

I arrived here in 2013 a young noob thinking i could find help here from the best hackers ever to stop the ddosers from ddosing me while i played my favourite game Runescape but i quickly realised noone will help you without contributing something so i went to learn how to use R.A.T's and after 4 threads on help i made my first tutorial how to fully setup a rat for new people like me and i gained my first positive reputation with that which showed me i can achieve good rep and friendships with people if i am active and do stuff so i started posting around in a lot of places and i started to know people and people started to know me i made a website where i gave away free minecraft accounts for everyone and quickly my rep rose quite a bit than from being 1 year on this forum i thought i'd make a funny movie about how the forum goes with all its up's and downs i got

alot of hating people but more people who loved it which just shows you can make it here if you are a normie but by now i have helped people gave away lots of things and i thought i want to become leet badly but i cant put money on my paypal since im only 15 so i cant connect it with my bank and since im not quiete the monitizer that was not a option either so thats why i am joining this after 2 years on this forum many posts and lots of rep i gained i think i deserve it -Nick

Thanks OP for hosting this :))

NonLeaf - July 11, 2015, 5:30 am

Hi, first I'd like to thank OP for doing something like this.

I can't tell if I deserve to be upgraded to l33t but I've been helping HF with my graphic skills for the past months, I'm active and I thought about upgrading lots of times already but when I was going to upgrade, there was no option of "Paypal" for my country and that is my only option of payment, sad... PMed Omniscient and he told me that I had no chance of paying with Paypal and that's why I never upgraded.

As stated before I've been doing my best to help all the users here at HF and I think I am going in a good way. This account was created back in 2012, it has some time already.

I'm glad that some people like you exist not only in this forum but in our world, a great majority of people would never start a contest like this.

Well, it's up to you, thanks for starting contests like this OP.

Good luck everyone!

stdio - July 17, 2015, 6:30 am

Really appreciate that you are giving back to this great community.

Been on HF for about 4 years now, learned a lot from this place, met some great people and earned some money too :)

I won my l33t in a competition by that group 143, been approved for Ub3r but don't have that much cash in my pocket because our currency value is too little.

I have never had a scam report in my life here on HF, I believe in honest living :)

I am the coder and owner of H-Keylogger which has about 150+ happy customers, here is a past sales thread

<https://hackforums.net/showthread.php?tid=3857209>

I gave away about 100 copies of my FUD keylogger to all members on HF

<https://hackforums.net/showthread.php?tid=3077333>

also held a competition for a FUD copy of H-Keylogger (cost about 20\$ at that time)

<https://hackforums.net/showthread.php?tid=3882885>

Was part of group called Guardians and helped many people through their help desk

<https://hackforums.net/showthread.php?tid=3461850>

Made a very detailed FAQs for newbies about keylogger which had about 11000 views and a lot of members benefited from it

<https://hackforums.net/showthread.php?tid=3379490>

Here are few giveaways i did

<https://hackforums.net/showthread.php?tid=3309863>

<https://hackforums.net/showthread.php?tid=3288036>

<https://hackforums.net/showthread.php?tid=3326099>

and that is it..

Best of luck to all the members, hope I get to win this.

Upgrade I Want: L33T

Reason Why I Want L33t:

I've really connected with the HF community in general since I've joined. The experience has been largely positive with just a few stints of negativity.

In this very short time, I've started feeling like HF is home, I'm comfortable here more than I am in real life (slight exaggeration).

Being awarded l33t is going to renew my passion for posting to my fullest HQ potential and progressing here on HF.

HQ Threads:

A notable thread which I created is [-Men who harass women online are quite literally losers-](#)
I already have many projects in progress which will be released soon which include a support group for a certain cause (pm me for this).
And also an entertainment sub-thread which is gonna be one of the first of its kind on HF.

<https://hackforums.net/showthread.php?tid=4659738>

<https://hackforums.net/showthread.php?tid=4659766>

As you can tell, I don't have much HQ threads, but I will and contribute to the community a lot more. I'm thinking about making some tutorials for the hacking tutorials section, as well as making some thread designs/signatures for the graphic resource section. I don't have a computer ATM though, so I can't do that. I was just approved for UB3R and I meet your requirements you included in the thread so no need to worry about that.

Thanks for hosting this generous contest.

Rolling for leet.

Apart from a few shitposts in the lounge/group discussion now and then, I spend most of my time on here helping out over at the beginner, w&fh and cryptography section.

I've made a few challenges for w&fh people too, you can find them looking at the threads I've

opened.
