Keep up the Good Work! OP!

Sho?kwave - July 9, 2015, 2:00 pm

I have updated the reverse proxy video, for Google Chrome and for the latest (not yet released) Reverse Proxy update.

Thanks, and I'm sure it will.

Also I will be soon making a video of the new Malware Scanner feature in action.

Good info on Imminent Monitor. Keep up the good work!

Miley - July 23, 2015, 10:34 am

I followed the tutorial step by step, but when I tried injecting my own computer nothing appeared under Clients even though I was listening to the ports. I made sure to port-forward too.

Very nice thread shockwave!

I really love the fact that you came back and you are continuing to develop Imminent Monitor!

Keep up the good work, this will indeed help a lot of the IM3 community out!

Not exactly the correct thread, but unlocked.

LilHackers - October 22, 2015, 7:31 pm

Just wondering could you post a TUT on how to use the Miner?

Cheers :blackhaT:

This is a Very useful thread mate :)

Sho?kwave - September 13, 2016, 4:07 am

Added a new setup guide for 4.4 showing the difference between visible mode and invisible mode

VirtualMon3y - September 13, 2016, 6:11 am

Nice thread Shockwave people will find it useful and great update btw.

Can I make a request that you center align your videos and text in the main thread.... My OCD cant handle it lol ?

Please update video demonstration for system injection.. have win10 64 and had RATs with injection but it never worked.. dont understand why :)

GhostintheShock - December 24, 2016, 9:28 pm

Would it be possible to let us know the difference in:-

- Process Security
- Process Watcher
- Critical Process

Process Security -> emh maybe obfuscation ? or some helper for persistance
Process Watcher -> secondary process that looks that your rat is Up and not closed.
Critical Process -> elevates program rights and makes it harder to kill.

New video (<https://www.youtube.com/watch?v=YtLoGbNERnM>) added to the showcases section for the latest Imminent Monitor update (<https://imminentmethods.net/blog/2017/10/09/imminent-monitor-5-0-0-7/>)

GuruNanak - October 8, 2017, 4:59 pm

After updating

I cannot see the victim's screen
