Thread: [BLACKHAT BIBLE| THIS is how you make money online, no bullshit.|1 copy|\\$1k P/M|\\$35](#)

InTheKnow - July 7, 2015, 12:14 am

(Jul 31, 2015 05:28 AM)mezxh- Wrote: [\[CITE\]](#) Just purchased Blackhat Bible!

All the methods are pure genius. Going to do the first method now!

:D

Just been talking to InTheKnow, he's answered all my questions and has given help/support when I asked for it! Definitely worth the buying this.

(Jul 21, 2015 02:07 AM)Amuse Wrote: [\[CITE\]](#) I talked to InTheKnow for a while over PM. He seems to be a very professional fella. (: I wouldn't hesitate dealing with him.

(Jul 7, 2015 07:48 AM)Trygon Wrote: [\[CITE\]](#) Would I recommend this ebook?

With all my heart, yes. This ebook opens a new opportunity to make a lot of money online, so I wouldn't be afraid to invest in this eBook because it will feed you with so much informations, you'll ask yourself why you didn't purchase this ebook before. I would recommend it even more if OP included some pictures in his ebook to make things easier, but it's totally fine this way too because he covers every step in-depth. What are you even waiting for? You can start making money online easily with this eBook so purchase it today. I'm actually happy OP decided to provide me with vouch copy, but it's definitely worth spending money on.

(Jul 7, 2015 12:49 AM)?Salvation Wrote: [\[CITE\]](#) What can I say? It has many methods that I've nor anyone that is even looking at this thread has ever seen before, blackhat or not the money is there for anyone willing to take it.

The money anyone spends on buying this sure as hell won't go to waste, as within the first few days they can make anywhere from \$100 to a couple thousand.

Huge vouch for this eBook.

Niko - July 7, 2015, 12:18 am

May I have one of the review copies? I will write an honest and full review.

PLT ? - July 7, 2015, 12:27 am

Will take a review copy if any left.

Niko - July 7, 2015, 12:28 am

Design: 6/10

Methods: 9/10

Unique: 9/10

Noob Friendly: 8/10

I Believe that this eBook will work great for anyone willing to put in the time and effort to do this.

InTheKnow - July 7, 2015, 12:28 am

Thanks for the review LegitBytes.

?Cyber - July 7, 2015, 12:29 am

I'll take one of dem vouch copies if you want, hope this eBook actually has something reasonably profitable in it.

Fonzie???? - July 7, 2015, 12:47 am

Design: 5/10

Methods: 9/10

Unique: 9/10

Noob Friendly: 7/10

The methods used in this ebook are really unique and rather easy to follow if you know a bit about this sort of stuff already. I would recommend this ebook to anybody who is wanting to make some easy cash, and a lot of it too. Do not hesitate to purchase this ebook, well done OP. GLWS

?Cyber - July 7, 2015, 12:49 am

So I was given a vouch copy of this eBook to review.

What can I say? It has many methods that I've nor anyone that is even looking at this thread has ever seen before, blackhat or not the money is there for anyone willing to take it.

The money anyone spends on buying this sure as hell won't go to waste, as within the first few days they can make anywhere from \$100 to a couple thousand.

Huge vouch for this eBook.

InTheKnow - July 7, 2015, 12:55 am

Thank you for the reviews!

Will be purchasing a sticky when available.

cyphax - July 7, 2015, 1:33 am

Can you provide some payment proof maybe ?

I think that could also helping you with the sales.

InTheKnow - July 7, 2015, 2:03 am

(Jul 7, 2015 01:33 AM)cyphax Wrote: [\[CITE\]](#) Can you provide some payment proof maybe ?

I think that could also helping you with the sales.

I'm sure you'll have some soon ?

GUCCI - July 7, 2015, 2:51 am

Recieved a vouch copy and this will indeed make you some money. Vouch!

Trygon - July 7, 2015, 7:48 am

What's up guys, it's Trygon and this is my unofficial review for InTheKnow's eBook called Blackhat Bible

I'm in no way affiliated with the seller, I've requested a vouch copy and he was kind enough to provide me with one.

My thoughts about the method

Methods in this eBook are straight to the point, which I like. There's no problem in understanding them, but some of them do require investment and previous knowledge in hacking fields which I unfortunately do not possess. Every method in this ebook is blackhat and if you want to make some real money, I suggest you to buy this method. Now, you may ask yourself:"Will this eBook make me money if I'm newbie?" and my answer is no. Not because of difficulty, but requirements. You must have basic knowledge of English in first hand and also some other skills like talking to other people

and manipulating them. One method in this eBook is made for everyone, I knew it before and it's guaranteed to make you up to \$300+ in SINGLE try. I know it because I've been doing that method a lot before and I can definitely vouch for it. So all in all, this ebook is outstanding if you meet the requirements and if you want to make money using blackhat methods. I would like to thank OP for giving me vouch copy because this method surely expanded my marketing knowledge.

Will it make you money?

I have only one answer to this question and it's YES, yes it will make you money. Why? Because OP provides you with several different methods and I'm almost completely sure that one of them will fit you just right. Personally, I will try first method because it looks promising and I will post back with my earnings. So once again, if you're looking to make money and if you're okay with doing blackhat methods, I'd recommend you to purchase this ebook because it will be worth your money (it's definitely worth more than it's current price because you can make that money back in only one day).

Is there any downsides of the ebook?

As every ebook, this one has it's downsides too, to be honest, there are a lot of downsides, but nothing too serious. First of all, you need previous knowledge so I don't think this ebook is created for newbies. Second of all, well, you're doing illegal stuff so I would watch out - safety first. Last of all, difficulty of successfully performing these methods; To earn money, you obviously need to do things right without any mistakes and doing this methods the right way is a bit hard.

Would I recommend this ebook?

With all my heart, yes. This ebook opens a new opportunity to make a lot of money online, so I wouldn't be afraid to invest in this eBook because it will feed you with so much informations, you'll ask yourself why you didn't purchase this ebook before. I would recommend it even more if OP included some pictures in his ebook to make things easier, but it's totally fine this way too because he covers every step in-depth. What are you even waiting for? You can start making money online easily with this eBook so purchase it today. I'm actually happy OP decided to provide me with vouch copy, but it's definitely worth spending money on.

Thanks for reading my review, good luck with sales InTheKnow

Trygon out, if you need this kind of review on your ebook, feel free to PM me.

InTheKnow - July 7, 2015, 7:56 am

Thank you for the review, Trygon!

Only 9 copies left.

Price has been increased!

Tyler the Creator???????? - July 8, 2015, 9:21 am

So I was given a vouch copy of this eBook to review.

What can I say? It has tons of methods that I've never seen before, and I even started doing it for the past hour and made \$34 already! This ebook is amazing and I never thought I'd see a working ebook!

Huge vouch for this eBook I wouldn't hesitate buying.

Alside - July 8, 2015, 10:07 pm

I have received a copy of this ebook and here is my review on it.

Quality: 9/10

The ebook is very simple, maybe having some pictures would be nice but the methods are not hard to understand without them. The author maybe could have put a little more time in making the guide look pretty but besides that the methods look pretty solid. These methods are not for the people that care about ethics, know that when you are buying.

Method Effectiveness: 10/10

Using what is given in the ebook, you will make money. The more you work at it the more you will make for sure. These methods seem like they should work just fine.

Grammar: 10/10

I did not notice any grammatical errors in the ebook.

Ease of use: 8.5/10

The ebook is pretty easy to understand. The methods take some finesse to do correctly but if you have any social skills you should have no trouble doing the methods!

Disclaimer: I am in no way affiliated with InTheKnow and this is a completely unbiased review.

Craze Z - July 9, 2015, 10:58 am

Vouch! This ebook is truly magnificent.

ILLogicalL - July 9, 2015, 11:22 am

Not trying to bash the thread but never buy EBooks. The methods never get you money like they claim!

InTheKnow - July 9, 2015, 11:35 am

(Jul 9, 2015 11:22 AM)?oqui?? ?sn? Wrote: [\[CITE\]](#) Not trying to bash the thread but never buy EBooks. The methods never get you money like they claim!

I would actually agree with you, but my ebook is genuinely an exception to this rule (like every other seller would claim, I know), this is honestly legit stuff.

I've not lied and said you don't need an investment, this is blackhat and it has some pretty cunt-y methods, but there's a ridiculous profit margin at the moment (hence why I'm only selling 10 copies) and I'd honestly be willing to bet on the legitimacy of my Ebook.

I do understand what you're trying to say though, I've read some of the Ebooks on here and to be frank, they are legit shite and the sellers are obviously friends with the vouchers.

I'm a new user and people were shocked that my ebook was actually good.

PM some of the reviewers, see what they have to say!

Amuse - July 21, 2015, 2:07 am

I talked to InTheKnow for a while over PM. He seems to be a very professional fella. (: I wouldn't hesitate dealing with him.

NoobCell - July 21, 2015, 2:34 am

Everybody says that about there own eBook, who are we to believe? seems to me like you've handed out to many vouch copys & the price is way to high

Private Network - July 21, 2015, 2:35 am

Blackhat + Bible in the name, makes a lot of sense?

InTheKnow - July 21, 2015, 3:03 am

(Jul 21, 2015 02:34 AM)ZillaBoom Wrote: [\[CITE\]](#) Everybody says that about there own eBook, who are we to believe? seems to me like you've handed out to many vouch copys & the price is way to high

That's literally what I said in my post.

I handed out more vouch copies because I'm a new and unknown user, therefore less likely to be trusted.

And yes, the price is high because you're paying for a book that actually works!

NoobCell - July 21, 2015, 3:22 am

Problem with having the price so high though is you're limiting yourself, not a lot of people have \$60 laying around & if it's only going to go up from there you'll have issues selling the last copies.

for me, if Trygon says it's a good eBook then it's good enough for me, but I wouldn't be willing to invester \$60 in it

InTheKnow - July 21, 2015, 3:31 am

Actually kind of my aim as I don't want this to get saturated and it really will earn you the money I claim, especially as I also limited the copies.

I won't actually be raising the price with every sale but I came to realise I can't edit my posts ? big oversight by me.

NoobCell - July 21, 2015, 3:37 am

(Jul 21, 2015 03:31 AM)InTheKnow Wrote: [\[CITE\]](#) Actually kind of my aim as I don't want this to get saturated and it really will earn you the money I claim, especially as I also limited the copies.

To bad you can't edit your post, although good for others so the price doesn't go up xD

I think you'd have been better selling it at something like \$39.99 or summat

mezxb- - July 22, 2015, 10:17 am

What type of knowledge do you have to be familiar with to do the methods in this ebook?

Kind Regards,
Mezxb.

InTheKnow - July 22, 2015, 4:08 pm

Basic social engineering skills, able to manipulate someone.

In a few days I will be lowering price, purchasing l33t, sticky and thread design etc, stay tuned.

InTheKnow - July 29, 2015, 7:34 pm

Lowered the price of and starting to sell this bad boy again!

Got a juicy thread design as well, feel free to ask me any questions!

DamienVC - July 30, 2015, 12:42 am

Looks more like Blackhat Banker tbh --

InTheKnow - July 30, 2015, 1:34 am

(Jul 30, 2015 12:42 AM)DamienVC Wrote: [\[CITE\]](#) Looks more like Blackhat Banker tbh --

Well I obviously didn't make the thread design.

InTheKnow - July 31, 2015, 5:11 am

Only 9 copies now available!

mezxh - July 31, 2015, 5:28 am

Just purchased Blackhat Bible!

All the methods are pure genius. Going to do the first method now!

:D

Just been talking to InTheKnow, he's answered all my questions and has given help/support when I asked for it! Definitely worth the buying this.

InTheKnow - August 1, 2015, 5:39 am
