Synopsis

Monsters—they're real, and they want to date us! Three years ago, the world learned that harpies, centaurs, catgirls, and all manners of fabulous creatures are not merely fiction; they are flesh and blood—not to mention scale, feather, horn, and fang. Thanks to the "Cultural Exchange Between Species Act," these once-mythical creatures have assimilated into society, or at least, they're trying.

When a hapless human named Kurusu Kimihito is inducted as a "volunteer" into the government exchange program, his world is turned upside down. A snake-like lamia named Miia comes to live with him, and it is Kurusu's job to take care of her and make sure she integrates into his everyday life. Unfortunately for Kurusu, Miia is undeniably sexy, and the law against interspecies breeding is very strict. Even worse, when a ravishing centaur girl and a flirtatious harpy move in, what's a full-blooded young man with raging hormones to do?!

I couldn't watch more then four minutes before I quit.

Ang?I - July 7, 2015, 8:35 pm

I already love this show, strongly considering reading the manga now.

Aura - July 7, 2015, 8:44 pm

Watched the first episode in bed on my phone and it was quite entertaining. So I guess I'll be following this show as well ?

Duyere - July 7, 2015, 9:11 pm

My goodness that first episode was great. I'm already loving this snakegirl too much.

Aura - July 8, 2015, 4:27 am

I can even hear her small British accent in the background when she says "Darling" ?

Is the manga censored like the show?

?????? - July 8, 2015, 10:34 pm

I can't wait for the blue haired bird girl to show.

Sasaki Haise - July 9, 2015, 12:34 am

It's pretty good. It has as good mix of elements that I haven't seen for a while. The story around it seems pretty interesting too, like how there's only Monster Girls, political stuff, discrimination, straight-forward romance, harem with ecchi. Characters seem lovable too from the introduction.

But I can totally see why some people hate it lol.

Ang?I - July 14, 2015, 12:07 pm

Can they introduce the spider chick already?

This show seriously reminds me of Sora no Otoshimono.

CaligulaEffect - July 14, 2015, 4:25 pm

well they rushed in the bird and the centaur

and yes the most similar thing is the eyes from Sora no Otoshimono

Aura - July 15, 2015, 3:33 am

Well since they rushed the harpy and the centaur in, I guess we'll learn about the two of them more in the next episode. It seems that no new character will be brought in but we might learn more about them as they try to "seduce" the MC.

Exha - July 15, 2015, 3:35 am

Definetly got to watch it. Monster girls... <3

Their introductions were a bit rushed, wonder if it'll be two girls in the next episode too?

Finally got to see Harpi though :D

Harpy > Lamia > Mermaid > Zombie = goo girl > Spider > all the rest

Girls sorted from best to worst

Man, I really need to check out the book store and see if they got the next volume out. Need more of my monster girl fix.
