Talk about nostalgia. Budokai 3 was hands down the best DBZ game.

Budokai 3 was the best game based on how its design is. Best 2.5d game by far was Budokai 3.

I'm gonna buy a PS2 and the game just to play it over again. ?

It's my favorite DBZ game, definitely beats Xenoverse imo.

Edit: Fuck me, I read it wrong lol. Budokai Tenkaichi 3 is my favorite DBZ game but Budokai 3 is really fun as well.
