Thread: [Which is your favorite Anime Girl?](#)

4h35i13n46u7 - July 9, 2015, 4:01 am

Which is your favourite one?

You would have noticed sometimes some Anime's dialogue script, story, music all suck, you don't understand anything but still you are watching it.

Directly indirectly you know it that you like to watch that "somebody" character. :D It has happened with me manytimes..

BTW, i enjoyed Naruto and my favorite character (Girl) was Hinata and favorite (boy) character was Itachi. I didn't like the sacrificing part really.. :-(because i couldn't see him anymore.. he was so cool. really.. ;-(

I'd like to share something about Hinata that i just read on the internet.

=====

Hinata is amazing! She's not only extremely pretty, she's also a great ninja with good skills. On top of that she's good a really sweet and nice personality.

Who couldn't love the shy and loving Hinata and that long dark blue hair of hers.

When you watch naruto the movie 6 "road to ninja" her body is the sexiest among the girls

I see someone's sexiness not only from her body but also from her heart. Hinata cares, kind, nice with everyone, she never got jealous with sakura although sakura is close with naruto. Although she's not too strong, she'll do anything to save someone precious for her.

wow! that was soo rude, soo offensive, soo joking, soo poor, soo inhuman and shameless words for a lady, for a mother whose son says you that "learn some manners from your mom, cause you have failed to control your ego, your mouth, and respect elders."

For insulting a mother, i can just say you ~ May God give you good thoughts, good company and RIP.

EDIT: I don't think you respect yourself or your mother. how could you respect someone's feeling's.
