Thread: [\[All Members\] 3 x 3P1C Upgrades](#)

Cameron - July 10, 2015, 12:17 am

Want to be upgraded to ? Now's your chance!

Decide to use the last of my OMC to upgrade a few deserving members to 3P1C. All members can apply or nominate a member they believe is deserving of a free upgrade.

All winners will be PM'd prior to being upgraded.

Give me a good reason to upgrade you!

First Winner: <https://hackforums.net/member.php?action=profile&uid=1814031>

Second Winner: <https://hackforums.net/member.php?action=profile&uid=2388291>

Third Winner: <https://hackforums.net/member.php?action=profile&uid=2675294>

Heart - July 10, 2015, 12:20 am

I'd like to nominate myself for the free upgrade because I have a money deficiency in my bank. It's a very serious condition. :(

Chinx - July 10, 2015, 12:22 am

Well one reason why I would like an upgrade is so I can have some more features. Such as accessing a few sections that are exclusive for upgraded members only. Also the biggest thing for me is the extra pm space, I usually send & receive a good amount of PM's per day that I have to clear everything every day or so. The extra space will help me out a lot.

Thanks for this contest OP, I hope I'm able to receive one of these upgrades :)

Oliver Sykes - July 10, 2015, 12:27 am

I don't feel that I deserve an upgrade; I don't. Though, for various reasons, I'd love to have ep1c. It's useful for many things, such as search, post, and pm delay shortenings, as well as PM space and other features that don't come with l33t or ub3r. I'd say a l33t or regular user would be more deserving of this, as they'd probably get more use, but I;d still love to have it for its perks and for the added bonus of having a rank that supports OMC.

Ramsey - July 10, 2015, 12:28 am

I feel that I am/ will be more of an asset to the community.

I currently offer free AutoIT coding classes

<https://hackforums.net/showthread.php?tid=4866551>

And Im going to start offering Java classes in a few days.

Ive done a paypal givaway and I surely will do more in the future!

Thanks for this Cameron.

Niko - July 10, 2015, 12:30 am

I think that I deserve to get 3pic because I am really good at helping people out, as well as making tutorials, I also really need the post speed decrease, as well as Pm speed.

?Cyber - July 10, 2015, 12:30 am

I think i'd deserve a 3p1c upgrade for a few reasons:

Firstly, I understand the importance of using correct grammar and exhibiting a higher level of intelligence tends to make more people listen to your opinions.

That's about it, not going to bore you with numerous other reasons that pale in comparison to that one, so I'll be going now.

Thanks.

ProtectNull™ - July 10, 2015, 12:33 am

I think I deserve 3p1c because I always look at the benefits of it but I say to myself.. I can't afford this. I've also been here a long time, and I help people.

Egypt - July 10, 2015, 12:36 am

Hello,

I was searching about computer things when I found this forum, I liked it so that was the reason of me registering. Upgrading me would be a thing which could help me getting better standing in this community which has many people from everywhere, gain trust of people, help newcomers and a lot of things which would take pages to mention. Computers are the future in many fields of life, internet forums are a good place to learn things from, so upgrading me would give me the opportunity to make a help on the advancing even if it was a little help. Thanks for taking time reading this.

Sorry for any mistakes as English is not my first language

The Scarabian - July 10, 2015, 12:39 am

I would like to enter for this contest, thanks OP!

You should upgrade me because I'm almost out of PM space. I also want a white username. That is all.

iReFuSe2LoSe - July 10, 2015, 12:42 am

I would love to access the premium features of having 3pic, most of all the PM box increase which would greatly help me as I'm an active member and get multiple PM's a day and it's a drag and a pain deleting some important PM's in order to make room for new ones, and I'm high quality member as well, and if there is an option to edit my thread after 48 hours I would greatly love to have that as it'll greatly benefit me so I can make more HQ threads and I wouldn't worry about messing up as I'll know I can always go back and edit it. I've contributed to the forum multiple times, helped members at times when they had been in need, and at other times I had created threads for people to help them get a good deal and save money. For example I've created this thread which is getting popular its for a \$5 Windows VPS, and it has saved people a tremendous amount of money over the months :)

Thread link here: <https://hackforums.net/showthread.php?tid=4614916>

And I have also given out an eBook on how to make \$100 a day which some people took into consideration and hopefully tried out the method, so in conclusion I'm a high quality member and I'm going to give more stuff out to the community and help more members with issues as I always do. Thank you for the chance of getting 3pic :)

ravioli - July 10, 2015, 12:59 am

I would like to be upgraded because I dream to become the most HQ member on the forums of

hack, having epic would remove the post timer, give me more pm space and lots of other features to help me reach my dream :)

?I??? - July 10, 2015, 1:13 am

First off, good luck to all people entering! ?

I believe i should win because, i have been on HF for ever a year now something around there, and i have learnt a lot of things! Im L33T as of now haven't applied for Ub3r yet and with this here if i don't get accepted in Ub3r i can always have 3P1C. With that being said as of now my rep maybe low (Rep fucked) but that wont stop me from getting back to where i was. I would like to take this opportunity because not many members get this often and im low on money.

Here are some useful stuff.

HACKED - July 10, 2015, 1:14 am

Nice contest! I've been waiting for long for a contest like this.

Anyway, I would like to become an 3P1C member because I have all the upgrades and this one is missing. :(

I think that I am a high quality member and 3P1C would allow to become even better. I have been active for long and I spend lots of hours online every day. I host lots of giveaways and sending PMs more quickly would help me since I receive lots of PMs every day either from giveaways or from people interested in purchasing some of my stuff for which more space is needed.

That's enough, mentionning more reasons is meaningless.

Thank you!

IntelliJ - July 10, 2015, 1:20 am

I figured I'd write something, why not?

I won't lie - I'm not the most "HQ" user on this forum by any stretch. My reputation obviously doesn't leave me in good standing and I'm actively reaching out to people to try and resolve issues that we may have. I've been around for a little bit and I'm quickly approaching three thousand posts, which is a nice milestone I've been wanting to hit for a while. I strive to make my posts as "HQ" as possible and I'm writing out tutorials on various topics - I have yet to post them however. All are done within a word doc and posted when the time's right. I tend to be active in SRPP and I can't think of a single time I've trolled in any section, so I believe in a "clean" forum environment. An environment that trolls run rampant, low quality post are bountiful, and flame wars are the regular occurrence, isn't productive and I try to not add to the problem.

Thanks!

James Burnham - July 10, 2015, 1:49 am

Sending free pic pack links to all the newcomers at ewhoring section through pm is tiring because of the time limit. So it would be useful to have the epic upgrade. Thanks

BITW - July 10, 2015, 3:37 am

Thanks Dear OP for this great contest or giveaway whatever you calls.

I am an active HF user but do not think i am HQ but i really had plan to get this user group as well. I

never had OMC nor i tried to get because of too much busyness but i believe you will count me in into this contest.

Thanks again.

Armada - July 10, 2015, 3:40 am

Trygon - July 10, 2015, 3:44 am

philippxmaster - July 10, 2015, 3:49 am

"insert big text with lies"

Yeah, im a normal User. Would love to get upgraded because i don't have the money.

DYC3 - July 10, 2015, 5:04 am

I'd love to get that epic upgrade.

I've been helping out and giving advice on anything I can here for a nice amount of years now. And it's just nice to be able to get something nice back from the community.

The features would also help me out a bunch, the bigger PM box and the flood decreases are great. I also do not own any OMC and I doubt I ever will.

Esme - July 10, 2015, 7:00 am

I deserve 3p1c because I'm a special snowflake and I need that huge inbox space to store all of my fan mail.

HIGH PAID FELLA - July 10, 2015, 7:03 am

I contributed a lot to HF. Need more PM space and the other handy perks of EPIC. Thanks for the contest.

Talu - July 10, 2015, 7:17 am

I would like to receive an 3p1c upgrade, because I am very interested in getting the features and perks that come along with it.

Thanks for the contest.

Billie Joe Armstrong - July 10, 2015, 9:34 am

Posting to enter this lovely contest!

I deserve 3PIC because I've been for more than 2 months and I've been nice to most members here.

Thank you.

v47093 - July 10, 2015, 9:49 am

I want to do stuffs limited to me right now and secondly I want to feel that #3PIC upgrade for free cause I don't have ewallet (but really craving to try out locked tools)

redBit - July 10, 2015, 11:07 am

I feel like I deserve to be 3p1c even if I'm not l33t. I feel like to get some security on my account in order to secure my account. I have to upgrade to 3p1c before I can activate it, which I don't actually have the money for and I do not own a OMC wallet and nor do I know how to get started with a OMC wallet. I'm also tired of wiping space of my PM limit I get. I really hope I can win 3P1C even if you don't think I deserve it. Being an 3P1C member means alot to me since it's my first upgrade on hf and I would really like the wonderful features that it comes with, I can't afford any money. The feature I would appreciate most is the security feature along with my acc, and that's why I hope I can be one of those that will win this 3p1c upgrade. I hope you read the through so you actually understand what I mean. Good luck to other applicants may the best of the three ones win ?

Give me a good reason to upgrade you!

I feel that I should be upgraded to 3p1c because I am very dedicated to the site. I have not spent much time online, but while I have been online I have made multiple very smooth deals with many members. After being a member for quite some time, I decided to throw some cash to the wind and purchase l33t and ub3r upgrades. I have had zero complaints about me as of yet, and I have already done a couple giveaways to give back to my fellow members!

TheNakedEmperor - July 10, 2015, 11:17 am

Because I hosted several giveaways as well and I also made good tutorials & service offering

not expecting to win and suddenly getting a pm from you would surprise me and make my day!

Meow - July 10, 2015, 11:19 am

I'm helpful & frendly member. Check my rep & threads and you will see I help a lot and that is why I should get 3P1C.

Alside - July 10, 2015, 11:41 am

I would love to be upgraded because I have been a member for 4 years now and cannot afford to do it myself currently.

Here is a list of a few helpful threads I have made over the years:[All Tutorials, Resources - Compilation! Updated \(Photoshop, Gimp and C4D\)](#)

I really appreciate this opportunity. Thank you!

Ajs Nigrutin - July 10, 2015, 2:24 pm

Im and old member that had some tutorials in coding, and hacking, and i had interesting threads in Science, Religion, Philosophy, and Politics section. Also usually im active in Tech section where i try to help other members with their PC problems. Did a lot of giveaways and i try to stay HQ most of the time.

Good luck to all member, may OP chose the best.

severos - July 10, 2015, 3:33 pm

Well, I'm not sure if I deserve to get upgraded, but I surely would love to, mostly for PM space and getting a nice user bar, also it might help rising my sig space price XD

Also having 3P1C upgrade will get me more attached to the coin, it'll give me moral support to find out how to implement OMC payments in my projects.

Honestly, I'm posting so I can have a shot at this.

--

I've been wanting 3p1c for a while now, and I don't own a OMC wallet. By having this opportunity to win an upgrade would achieve my goal of getting upgraded to 3p1c because of the features etc. When I achieve getting 3p1c, I plan to do more for the community and give back to what I have received/gained from this forum. I've been busy with work in real life but I can make it work for this forum as I'm getting back into the groove in posting more and helping others. I was inactive for a bit

because my computer's hard drive decided to fail because it was bought when windows 7 came out and I never bothered upgrading my hard drive etc. Have I gave anything to the community? As I stated above I'm planning to give back to the community. I think it would be a huge step up if I got more into the forum and as I'm becoming more active, it brings me to more options on what I should give back to the community. I'm hoping to do it soon and I'm just figuring out what to do because I'm out of Highschool ATM and working.

I've tried to make this short & simple but it turned out to be a wall of text.

Best regards,
Kamek

I don't have any OMC and want 3P1C.

Vobe - July 12, 2015, 12:32 am

I feel that I deserve 3P1C because I've done a good share of giving back to the community. I've helped many people out whether it be something simple or something advanced. I've done a giveaway for a good amount of members. And I've even given some members a hefty amount of

money so they can get off their feet. I would buy it myself but I'm literally broke, I recently lost all my money due to being scammed by someone on steam.

Thank you for reading, hope I can win.

Hector Zeroni - July 12, 2015, 1:19 am

Wow Great contest hoping to win gl to all Cheers.

Upgrade because I'm a very calm member on the forum. I don't troll others and I'm always helpful when needed. Also I see myself as HQ member. I took a long break and just came back recently. I feel that I've matured a lot since taking the break from HF. I joined HF for the wrong reasons before and I wasn't really contributing anything much more of a leecher and a script Kiddy. Since coming back to HF I've come back to HF because of how much I enjoyed the environment two years ago and all the great threads that helped me. I've come back to try and contribute in anyway possible weather it be ing reputable members and sellers with high quality products or just giving advice and my insight on things.

I also feel that I was wasting the L33t the Bugga got me in a contest by not posting.

3P1C is cool because of all the benefits it provides and it will help me be even more active in when I leave for school this coming October because of how Enjoyable HF is to be on in General.

GL to all participants.

I think Sniper/Abhi deserves an upgrade.

<https://hackforums.net/member.php?action=profile&uid=1051315>

For those that use Tinychat, he's consistently developed and handed out bots that have made our tinychat experience that much more enjoyable. He does everything for free, and doesn't expect anything in return.

Dr?pped - July 12, 2015, 1:32 am

I think i deserve epic because i have been on this forum for a while, I helped many people and given away free services. I've helped non-upgraded members, leets, ubers and epics.

Hackforums is a great place to be, In my spare time hackforums is my life, literally ? Knowing to have the rank Epic would be pretty cool and would make me happy.

Good luck to every one ?

I feel that i deserve an epic upgrade because everything i make goes to the community for free.
I never charge for anything I make and most of the time its open source so others can learn from it.
I have also started a Skype group full if people who are learning programming or who want to learn.

NoMercy - July 12, 2015, 4:47 am

I would love to become a Epic member for many reasons but why do I deserve it? Well I have been Leet for about 7 months now and I'm on everyday posting new things and looking around. I have a 4 daily post rate so I clearly do post nearly every day about 4+ times and I try to keep my post high quality not spam. I would really appreciate stepping up to Epic after so long of being Leet.

Thank you very much for this opportunity!

?C???I?x??? - July 12, 2015, 6:55 am

I would like to thank you for holding this give away to all members. I would like to nominate myself, because in my eyes I am a high quality user which dedicates a lot of my time to the forums even though many people spend all day on here it would mean a lot for me to win this upgrade.

redBit - July 12, 2015, 7:44 am

I want 3p1c because I want the security feature on my account. I deserve 3p1c because i've helped many people in the Android Operation System section. 3P1C would help me increase my PM space so I don't have to wipe PM's I also want to be able to activate the security feature on my account that comes along with the 3P1C upgrade. It would also be awesome to be 3P1C since it will be my first upgrade ever on HF since I'm a regular member and never had the experience to see how it is being an upgraded member. I'm also very dedicated to this forum so it would be awesome to be upgraded and have some nice features. Thank you & good luck to other applicants ?

I would like to try to get this upgrade. Been around for a long time and always been legit so would be a nice addition to my profile.

Either way good luck for who ever gets the last one.

ramie070 - July 12, 2015, 3:00 pm

I would Like to get this Upgrade so i could Vouch for the people who helped me, Thanks in advance!
~Ramie

Abhax - July 12, 2015, 3:18 pm

I would like to receive this upgrade because I enjoy the HF community, I love giving back to the community I have done a couple free giveaways and free graphics request, and I am looking to do a lot more giveaways in the future. Thanks for the opportunity OP, stay awesome.

sahbi030 - July 12, 2015, 4:59 pm

A reason i want to be 3PiC is because i tried millions and millions ways to earn money online, none of them i succeed in.

This of course sucks for me, who would help some guy who only watches the forum 24/7 but doesn't post a lot?

But if i was a 3PiC some people will ACTUALLY help me, and i could help more people.

That is why i want to be an 3PiC!

OGUgameuniverse - July 12, 2015, 5:31 pm

I want to become a 3pic because I love this community and it's members. I embrace the trolls, the haters, and the people who are just having a good day because that is what it means to be part of a

forum. I try to respect everyone here and leave vouches for everything that I receive. I also spend a lot of time on here: 2 Days, 15 Hours, 52 Minutes, 16 Seconds. And post a moderate amount. Unfortunately I am low on the wallet as you probably see by my signature. But I want to be considered a valued member of the forum. I also posses no Omnicoin although I might try to get into it. I hope my reasons are sufficient but if someone is more deserving than they should get it. Have a nice day.

Mr.Luce - July 12, 2015, 5:34 pm

Well the reason why i deserve Ep1C is because am really generous at all times,I have been on HF for a good while,helping out others,doing giveaways,I always wanted to buy Ep1c but I don't have the funds.

B33N - July 12, 2015, 5:56 pm

I hope the win the last upgrade, as I plan on staying on the forums for the rest of my computer career. That means a lot considering I will pursue a lifelong career in the computer business.
