Hello,

this year is a good year for me. Last day, i get my 3200€ samsung UHD TV. I bought this TV with my collected amazon gift card codes (starting january 2015). Now, i will starting to collect money on paypal to buy some stuff on ebay or other shops. What is the best way to make money on paypal?

Greetings, J

Stop being so selfish. Its not hard to just post the pics. You also get repeat customers this way

So you're basically ruining everyone else's profits by scamming and making people who ARE willing to buy pics more suspicious/unwilling which makes it MUCH harder to earn

The problem is, i don't make the camshows. I make fake accounts on a german nude site and can't give the shows because i don't have the right VCW. If they pay with paypal and i don't make the show the get the money back from the paypal support. I know, that isn't the best strategy and that kill the ewhoring on this site i know but i use this strategy two years now. I know that is scamming but all other methods (VCW, selling pics or other shit) isn't for the german people interesting.

I have sell pics on craigslist for one year and that was a good time (i made 65€) and now no one buy pics and after 6 hours my ad is deleting.

Sorry for my bad english

Hey, I'm from germany aswell.

Do you only use german sites for e-whoring?

I'd definitely recommend you to e-whore in all countries where you are able to speak the language.

With the KIK e-whore method I sold my e-whore pictures to germans aswell.
