Thread: [He wants a cam show but has seen a pic of me](#)

TestAccount1 - July 13, 2015, 6:36 pm

I am talking to him right now, and he I already sent him a picture. He is weird as fuck, he said wanted me to see him jerk off on my pictures on skype. And I told him I was 19, he said " It's ok if you are 17, I would still pay you for that. I find 17 naughtier than 19" lol.

Now he wants a cam show right, but obviously I can't since I don't have a vcw of that girl, so what to do?

He an obvious pedo, I have no other choice than scam him, but ldk ..

Never give them shit without them paying

This guy is an absolute creep. Report him for something since he must be a pedo.

Dickface - July 13, 2015, 6:38 pm

Just block him and move on if you want too.

A\$AP Rocky - July 13, 2015, 7:00 pm

Rly you are asking this ? Scam him is obviously the answer

MAsterV - July 13, 2015, 7:02 pm

Ask him for a payment..be like "i'll might think of doing it if you"

LogitechCamMan - July 13, 2015, 7:04 pm

If he paid you I wouldn't suggest scamming him, maybe call him on Skype and then hit him off? I don't know if that makes any sense but it could be a distraction. Spoiler ([Click to View](#))jk booting is illegal
