I'm with Penn and Teller. I think I figured out how the card tricks are done how the fuck does he make the pen disappear? FOR FUCK SAKE!

Also I was surprised that he's only been doing magic for less than 10 years.

I've been doing magic for 7 years as well. There are moves which are simply misdirection while others are difficult to say the least

What do you mean no clue how he did it?

I thought it was pretty obvious...

HE SOLD HIS SOUL FOR MAGIC POWERS

Doesn't he push the pen into his jacket or whatever it's called? Looked like it.
