Sales thread: <https://hackforums.net/showthread.php?tid=4896461>

Contest ends at 50+ contestants.

Nagisa Furukawa - July 18, 2015, 7:59 pm

Ya I suck at CS:GO and this would be the only way to have a chance

Sysmatic - July 21, 2015, 3:46 am

Commodore - July 21, 2015, 1:17 pm

I would like to join this. Why do i deserve this? I deserve this because i am an intense CSGO player ive been playing along time and i can legitly play the game very well at mostly any rank. Currently: SMFC The trouble here is that i got surgery the start of the summer on my ankle and ive been unable to move to everyday while i waste my summer away i sit here and play games and try to make summer a lil more fun. Now my plan is to start a boosting service and many other csgo services and with this csgo client i can boost accounts and sell them quicker than playing legit on them and i can actually do something this summer other than sit here...

Vince - July 21, 2015, 1:59 pm

Eh why, Ill try this out on my smurf account if I win :)

Silent Storm™ - July 21, 2015, 2:00 pm

Tostig - July 22, 2015, 11:09 am

Need more people to enter. If I don't get 50 contestants then I will extend the contest another 5 days.

Headdy - July 22, 2015, 11:31 am

Since nobody is entering, I might just enter here too. I'm not an addicted CSGO player. I play it for having fun with my friends.

Sometimes we come across that one certain person or annoying kid nobody likes.

Why do I want this and why do I deserve this?

Well, A: I am shit with aiming sooooo....

B: To have fun and become better (yes, you can learn from it!)

C: Get a higher rank

D: It looks really smooth and subtle. I like it! (by looking at the video)

qweewq - July 22, 2015, 2:23 pm

I want to have ActiveAim to see if It is different than all the other cheats out there.

Sumix - July 22, 2015, 2:24 pm

BI?ckhat - July 22, 2015, 9:27 pm
