Thread: [Graphic Design & 3D Design student looking for work.](#)

zmsk - July 17, 2015, 4:47 pm

Hey, I'm a Graphic Design/ 3D Design student, ive been working with programs such as Photoshop and Cinema4D for around 8 years.

I'm open to any paid work you want doing, at a reasonable price too!

I would suggest linking some examples of your work. Like your portfolio. So people can see your style and type of work

Linking your portfolio would be great. I'm in need of a logo. Hmu with your portfolio & we'll negotiate
