Thread: [CSGOLounge Spam Bot - Spread to gaming PC's](#)

BotMarket - July 18, 2015, 8:04 pm

This bot was made for a member who spreads rat links on csgolounge, the method seems to be working good. So i am now going to sell a few copies, of the bot.

The bot will comment on peoples trade offers, you can set it to say anything you like.

Things you should know before buying.

#1 You must have a steam account to post on csgolounge.

#2 Your profile must be set to public (Or you will get a captcha)

#3 After you get -2 rep you must make a new steam account.

If you want to rat people with csgo items this bot is for YOU!
