Vouch for [USER=127907]@TL-Service[/USER] ! Shared Phone works for verification. This is so cheap compared to other manual service pv sellers. I'll test for bing if it really works.

For now, this totally works! :) Remember, if you want to deposit on this site via Paypal, contact him on skype thanhps42 :)

Be weary of this dude, told me that the minimum payment for paypal was \$10. Asked if I could send a code to one of his numbers just to make sure it worked and if it did I would pay him and he declined.

Poor buyer.

MiamiHeat - August 2, 2015, 9:15 am

Only a scammer requires a \$10 minimum payment for a .10 service. I have no doubt in my mind that you WOULDN'T refund me if it didn't work

Cozeh - August 2, 2015, 9:22 am

Unfortunately no paypal :(and I am too lazy to mail

Durk - August 2, 2015, 10:40 pm

This service is awesome, I 100% vouch for this. Is there any way you can make it so you can use the same number instead of getting a new number every time? If so that would be great.

Raymond Reddington - August 2, 2015, 10:45 pm

This also verifies facebook and other social media accounts, right?

jonathan001 - August 3, 2015, 1:01 pm

Can I verify whatsapp or amazon with these numbers??

Thanks!

edit: It only happens when you use paypal - I looked on the right and it said how PP is not working. Bitcoin and Perfect Money is automatic. If u deposit via paypal, please email me. Thanks.
