Thread: [My facebook got locked out](#)

musther_G - July 19, 2015, 12:35 pm

hi... anyone can help me how to recover facebook lock out?

Purple Kief - July 19, 2015, 1:45 pm

Nobody here can help you with that. (Only facebook can)

Since the thread title is "MY Facebook got locked out". Contact Facebook support. Should be simple enough, right? Unless it's not your account.

if I had to make a guess I would say at least half of the account hacking questions that come with stories are totally fake

like

"my brother just murdered my father's drug dealer who turned out to be a distant cousin, i need justice, so help me hack this facebook account"
