Thread: [UB3R/L33T Upgrade or Gift Award Contest! Ends Today!](#)

Salty Bacon - July 19, 2015, 2:09 pm

This is Salty Bacon again with another L33T or UB3R upgrade contest. This time I will also be upgrading approved members for UB3R. Also going to give gift awards for UB3Rs and UB3Rs ONLY! This will end July 19th. May postpone contest if more entries are needed. PM me for any questions you have concerning this contest.

How to Enter:

1. Post your favorite song, mixes, or song montage. Youtube link or Soundcloud please.
2. Give a short summary about the song. (Genre, Artist, why you like the song.)

Rules:

1. You may not post the same song as another member's response. There might be a song that many people like, but I want something unique. Also there must be more songs you like, so don't bother complaining about this. You will be disqualified for this contest if you do.
2. You may not post a song that you wrote or you produced. #lazy
3. For L33ts: You may not post for an UB3R upgrade if you are not approved. You will waste my time. I can check if you are approved so do not bother.
- 4 For L33ts/UB3Rs: You may enter for someone else. Please provide a link to their profile. If you want them for an UB3R upgrade they must be approved.
5. DO NOT PM ME FOR AN ENTRY.

I will listen to every song thoroughly. The person who gives a song and response that I like will be the winner.

Thank you and good luck! ?

I deeply relate with most of Earl's music. I have issues with my father and mum, I abused drugs, I've came up off work my conscious wasn't in.

I'm a quiet person but I believe I'm a deep thinker. Just like Earl.

I'm currently working multiple jobs, working very hard towards my goals. I put my heart in anything I like, I like to think I'm a passionate person.

I relate with the depression, the drug abuse and the family issues.

Spoiler ([Click to View](#))

I'm approved for Ub3r. Thank you very much for the contest, great thing you are doing.

I adore this song. I'd say Meek Mill is my favorite artist, and this is easily one of his best works. Although this may not be your favorite genre, it is a solid song. He goes into detail about his struggle with being incarcerated, becoming famous, and the judgement passed on him when he went from a Philly street dealer to a professional rapper. In this song he explains many of his personal problems such as needing money and fearing for his life.

Regardless of your opinion on rap or this particular artist, I encourage you to give him a fair chance. I mean, who doesn't love Philly rap.

Artist : Carlos Almaran.

Genre : Romantic Song.

Reason i chose it : Starting by being One of the all time best Spanish songs .. It's always relief to my nerves, as the Spanish language itself sounds like music, and when mixed with such a good voice as Carlos', adding to it the Guitar sound ! you can't have a better piece of music to listen to when you want to have a clear mind.

It was actually pretty hard for me to choose a song from Joe Budden here that i favor over another. His music always speaks to me and it's really a type of medicine for any sickness. Through hardships that everyone goes through in our journeys, in life, his music has always been there to relate to and to give you something to zone out to.

Joe Budden is a member of slaughterhouse which i'm sure many are familiar with, a great artist in my opinion. I wanted to share something different that hopefully you haven't come across before.

Many thanks,

I chose that song cause I'm in a chilling mood tbh it's a sick song to play in the background when you're just chilling :)

I used to listen to it years ago only started playing it recently.

Febreze - July 19, 2015, 3:41 pm

Well, since the gift award was added, I'd enter myself into this contest!

There are so many songs that I could claim as my "favorite", so I guess I'll just lay down some A Day To Remember!

This song is personal fave from ADTR because in P.E. class, a few of us would blast it before workouts to start off a good class period. It gave us real hype, and I usually play the beginning when I just need hype because of the (g)olden times. I can't explain it, but we did it when we were young and it just stuck with me. I liked this band far beyond those moments though. They've always been the #1 rock band I've listened to.

The next reason I like this song because just in the first verse, he sings about how life is about being happy and you need to follow your dreams. Because, in the end, when it's just you, you just need true happiness. After you work your butt off and put your name out there, happiness is the key to living the rest of your life.

He also sings about how you'll never find him in the same spot, as he's a rockstar that travels from place to place doing shows.

"Meet me out past the train tracks I'm leavin' and not coming back" basically means that he's trying to go anywhere else besides being stuck in his hometown, where it's very average. Most of us want to escape our towns for a while, so go out to the train tracks and hitch a ride to go... anywhere. Anywhere you want.

Live your life to the fullest, work hard and find peace with yourself. Be happy and never forget where you came from.

Also, this is the song that truly got me into ADTR. As most of their fans.

<https://soundcloud.com/mrbeltandwezol/mr-belt-wezol-freejak-somebody-to-love-original-mix-out-now>

Artist: Mr. Belt & Wezol

Song name: Somebody To Love

Genre: House/Deep House

Why do I like this song?: Well, I mainly chose this because I like the song, the melody and the funky tunes. It also relates to personal things, especially love (..duh!). When I listen to this awesome track, I really feel the emotion regarding "somebody to love" (I hope you understand me ?)

It allows me to think about stuff I did, stuff I lost and this may not be that positive, but then the "happy" sounds make me feel good again, which means it's a great combination between positive and negative. It makes me feel good enough to look forwards in life and enjoy.

So yeah, it brings along some feelings that other songs don't do. Normally I don't really like this type of music but well here it is.

This is my submission to your contest, I hope you enjoy the song as much as I do. Obviously, I am approved and would love to be upgraded to UB3r.

Have a nice day OP,

Headdy

Artist: Tupac & Eminem.

Genre: Rap.

Why I prefer it: I really love this song, it means a lot to me and has helped me through a lot of rough situations in my life. I'm mostly listening to it because of Tupac and because it kind of keeps me smiling and.. going.

Artist: Kevin Gates

Genre: Rap/Hip-Hop

Mix Tape: Murder for Hire

I am entering this contest for the award, as I am was already upgraded by a very generous member named Salty Bacon. ?

Reason I chose this song:

I have always liked Kevin Gates. I met him in Baton Rouge when he was signed to Dead Game Records.

I really respect the fact, regardless of his past, he still loves and provides for his family like a man should. I feel that he can really be an inspiration to young people that have kids. Shows he can still have fun and pursue his dreams while having a family.

This particular song is pretty short, but very catchy to me. It is off his new mix tape "Murder for Hire". Any song by Kevin Gates seems to give me motivation to strive for what I want. He has come from nothing, and still continues to rise. If you would like to listen to the full mix tape, please click the link below.

Posting for Ub3r Upgrade

I have been approved already

My favorite song is "Raglan Road" by "The Dubliners".

Anyone who ever heard this song loved it, because its so deep and touches your soul gently.

www.youtube.com/watch?v=ZPB3jXgUsoA

Yes it is a love song, based on an Irish poem

Here is a little part of that poem

On a quiet street where old ghosts meet I see her walking now

Away from me so hurriedly my reason must allow

That I had wooed not as I should a creature made of clay -

When the angel woos the clay he'd lose his wings at the dawn of day

It reminds me of who i truly am and how i truly feel, that is why this is always going to be my super favorite song and has been for almost a decade. Please do listen
thanks

LIKING ALL RESPONSES. CHANGED THE END DATE TO TODAY BECAUSE I CAN. DOING ANOTHER CONTEST VERY SOON.

ENJOY. THIS WILL END EXACTLY 11:59 MY TIME.

Clam - July 19, 2015, 5:18 pm

Thanks alot for this.

I personally like this song alot, it's helped me alot this week to get through some stuff.

It's by one of my favorite artists, Suicidyear. The genre is vaporwave/seapunk, which if you've never heard is a pretty underground but tasteful genre. Some serious aesthetics from this no doubt. Anyways if you like the song or you want some more of this type of genre feel free to let me know. Thanks again.

Song Name: Burn It Down

Artist: Linkin Park

YouTube Link: [youtube.com/watch?v=dxytyRy-O1k](https://www.youtube.com/watch?v=dxytyRy-O1k)

Short Summary: I like this song because in my opinion, this would have to be one of the best works from Linkin Park. It has a good instrumental tune associated with good lyrics and is overall, well performed.

I totally failed the summary.
