Insanity Skype bot </> Notice new Skype: insanity.skype

Due to Skype/Microsoft banning the most notorious Skype Bot 2 times in one day we are back and can ensure you we will survive no matter what it costs us here at Insanity. So please help us support the project by adding

New Insanity Skype bot [\[img\]http://hatscripts.com/addskype/pink/insanity.skype.png\[/img\]](http://hatscripts.com/addskype/pink/insanity.skype.png)

It says offline but it's actually online bbcode is messed up

ChickenKFC - July 20, 2015, 2:54 am

Looks cool! Thanks for ma de this.

Private666 - July 20, 2015, 4:27 am

I'm glad i could help its v2 so hope you like it

xXx420BlazerinoxXx - July 22, 2015, 6:34 am

I vouch for this. I started using it and I'm not dissapointed. Kinda doubt for the DDoS option, but the other options work as good as they get.

Thanks Syncing for Insanity Skype Bot V2!

Private666 - July 23, 2015, 3:58 pm

Update: Just added the !dox feature and a new database to stack premium members / whitelists in so we don't lose again off updates.

Enjoy!
