zSerity - July 20, 2015, 1:49 pm

Why take the chance of being scammed, when you can safely trade through a trusted and reputable middle man?

Those who know me know I've been nothing but legit on here since 2012; over 3500 vouches before the old rep system was reset.

I've been privately middle manning deals for quite some time now, and have personally dealt with more than \$750,000 in the 6 years I've been on HF. So I decided I might as well open up a free service.

I can MM the following things:

- BTC related deals (I won't hold PP)
- CS:GO Deals (any)
- RuneScape (07 & RS3) Deals (any)
- Accounts and OG Names (highly limited)
- More

If there is something you need middle manned that is not listed, please ask! I will not hold reversible currencies such as PayPal.

PM & CONTRACT ONLY! I WILL NOT MIDDLEMAN OFF-SITE!

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.
