Thread: [looking for a hacker partner , partner ship , botnet , DDoS](#)

Trueancy - July 22, 2015, 9:14 am

looking for a partner to run a net with must have a very good knowledge on irc and exploits :)

i all ready have an irc setup just want someone to share the fun with really i guess it gets a bit boring dosing things and not being able to share the fun with anyone anymore.

look forward to hearing from people

Owning a botnet isn't considered being a hacker. Anyone can set them up, not difficult at all..

^ Just a word of advice..

thats a good idea. Or maybe just a warning that the user is posting to an inactive thread.
