I know it's not much, but it still grinds my gears. So I posted this thread:

Yeah I know, gay.. Whatever. Anyways I get PM's from this guy named Chinx who said he can do it if I pay him \$15. I paid him what he wanted, then over 10 days later he hasn't replied since. Here is screenshots of the PMs.

Here is proof I sent the money

Those are the PMs, so here is his profile:

His UID: 2728760

I noticed that he made a thread about his "Twitter Hacking" business and someone else said they got scammed. Here is the thread:

Then here is the guy on there who says he got scammed too!

I know it's not much, but I can really use \$15 right now, but who couldn't? I want a full refund of \$15.

You should post proof of you sending the payment to make this scam report valid.

Also be sure to add his username and UID to the thread title.

Didn't notice it was an album, only saw the first image. I see the second one now.

I see the UID in the thread but be sure to add it to the title so that this thread will show when someone searches for it.
