Black Kodak - July 23, 2015, 8:43 pm

Hello, myself and [Decipher™](#) are offering help/mentoring of any kind to ANYONE.

If you're new to whoring and want to get to know the ways, pst either one of us. Both of us have been e whoring for a decent time now, and have some nice methods to making some quick cash.

To message me please click

[THIS](#)

To message Decipher™ please click

[THIS](#)

When messaging us please include the following:

Code Are you new to ewhoring?

How long have you been ewhoring, if your not new?

What exactly do you need help on?

Can you use skype/teamviewer?

If so, what is your skype?

A little about us:

A little about myself, I've been e-whoring for around 3 years now, on and off, started off a little nub like most people, then learned the ways after I bought a couple picture packs my earnings started to sky-rocket. Just recently I have gotten back into the scene with the help of my brother [Decipher™](#), and the scene has changed from what it used to be, used to be all about VCWs and that shit. I'd assume I've probably made around 1,000+ just from amazon earnings, not even including Paypal. Looking to give back and help people out as of now, so if ya need help feel free to message me or [Decipher™](#) :-)

Hello it is Decipher™ here and i wanna tell you how i got started with ewhoring. it was about 6 years ago and i neded some cash so could buy some new Jordans. So my friend told me about this method called Ewhoring so i got all the things i needed and i started off with the Skype method and shit. It took me 2 weeks before i got 10\$ then after i got my first real Cash that is what made me wanna do this more. Then over the years i have made over 1000s of Dollars. Now i wanna teach you guys some shit to get started making cash like i did.

Frequently asked questions w/ answers!

-Do I give the pedo pics first or after? Never go first when sending nude pictures to pedos, they will scam you just about every time.

-How long, and when should I ewhore during the day? I tend to find that I get more buyers at night time 9 pm est - 2 am est. Also I ewhore for around 3-5 hours a day.

-How do you get traffic? And unsaturated traffic? At the moment, it's very hard to get unsaturated traffic unless you know some secret Illuminati shit, but otherwise I find these sites get me some nice traffic, with buyers:<http://findkikfriends.com>

<http://www.kikfriend.com>

<http://www.kikhorny.com>

<http://www.kikfriends.com>

<http://www.kikcontacts.com>

<http://www.kwello.com>

-Where do find a good picture pack? Any picture pack works really, but one with more videos/ more pictures that are good for previewing (thumbs up, signs, ect) usually the easier you can convince the pedo that you're real. You can use the search function to find a picture pack, simply search: Picture Pack , or something :-)

-What payment method do you accept? I find that if you accept amazon giftcard you have a greater chance of not being charged back on, but if you use paypal you run the risk of being limited/chargedback on, ect, therefore; I'd use amazon giftcards.

-Do you or Decipher want any sort of payment for helping me? Nope, enjoy your ewhoring funds =)

-How do you get past the time-wasters? Really there is no method to get rid of the time wasters, there will always be the ones who want nudes free. (a little thing i found out is that if you come across a indian, or someone from a foreign country other than the UK/USA) block them. Nothing racist, just them seem to never be able to pay, just saving ya time :-). Get to the point with the buyers, but don't rush them, make them feel loved, to maximize your earnings =).

"I have no patience to do this, how do you keep occupied while doing this"?- Some fun things you can do when ewhoring:listen to music

make pedos write stuff on there forehead, if there time-wasters

make a goal of \$ you wanna earn, reach it

IF YOU ARE 100% COMPLETELY NEW TO EWHORING CLICK BELOW~~

Spoiler ([Click to View](#))

At the current point in time, "Kik" ewhoring is the most popular, and one of the easiest ways to make cash.

1. To get started with Kik EWHORING first you need to check out the "USEFUL LINKS" Section right above this post and download "Bluestacks" which is a app player.
2. After that installs successfully, you will want to download the kik download I have above. MAKE SURE YOU DOWNLOAD THE ONE I HAVE ABOVE so that the next step works.
3. Now you want to click the search function, and search "Fake Camera" and download it. The Fake Camera app is a blue camera if you aren't sure which one it is. Usually the first one.
4. After that you are ready to start ewhoring, now you need to get traffic....
5. The easiest way to get lots of traffic is by posting on the sites I have listed above. These sites are very saturated, but they do get the job done.
6. You can post anything on these sites, ex: "lonely female, desperate for money =(, doing anyyythingggg xoxox" you can post something along these lines.
7. Now you'll get pedos adding you, time to ewhore them. Every pedo will always ask for a preview(unless your lucky :-)) you can send them as many previews as you feel necessary, but I

suggest you send them less previews, usually none with nudity so they want to buy more.
8. Make some money.

~These are VERY BROAD STEPS to help you start ewhoring, made this very fast.
IF YOU HAVE ANY QUESTIONS AT ALL please message me.

~Do not message me saying your completely new, WITHOUT reading these steps first. Download all of the required things before you message me please.~

BIG Shoutout to [boxxy](#) for also providing a awesome [THREAD](#) on helping beginners :-)
