What are you trying to say?

I don't understand.

I think its trying to communicate.

If you recently purchased a group you obviously have funds, why are you in the free section?

-Taunt - July 25, 2015, 6:44 pm

I thought you needed to be Ub3r to purchase a group?

Because why would you pay for something if you can get it free.

This. How are we suppose to know what to make you, when we don't even know anything about the group. Also, don't be so aggressive towards people, people are far less inclined to do something for free if you're going to be like that. You're dependent off the fact that someone from the community does this out of the kindness of their heart, don't take that for granted ?

Kindness of their heart?

Making a userbar?

maaaaaate.

RainSpider3000 - July 25, 2015, 8:04 pm

I could possibly make you a free userbar... Although I AM a bit mad at you, since you and that other dude are calling me a scammer because of someone else.

What is the name of the group, it would help me understand how to make the userbar.

King Cin - July 25, 2015, 8:06 pm

Lmao this is a really poor SE attempt.

U HAVE 35% WARNING AND NO UBER FUCK OUTTA HERE OFFICIAL GROUP

Cheeb - July 25, 2015, 8:34 pm

"Official group"

OP, if you could buy a group then you can buy a userbar from the GFX sellers section. Anyways, you need to be Ub3r and you have a 35% warning. What are you trying to do? Get a user bar for a different forum or take one and sell it to other groups that are in need of a new userbar :O??

Lifeless? - July 25, 2015, 9:43 pm

So many upset kids in here, this isn't even an attempt at social engineering, wise the fuck up.

I needed a userbar for my official group. On another forum.

The group is about gaming/lounge. But we don't want the name to be in the userbar. Would be nice if someone could help.

SiStemiC - July 26, 2015, 1:24 am

If it's on another forum, is there really a reason to not tell us the name of the group?

Warren Buffett - July 26, 2015, 8:54 am
