Thread: [\[Looking\] 18.5" Universal TV Mount](#)

Not looking for a deal (and didn't know where to put this)

But does anyone have a link to a universal TV base? Recently found a TV with no base, just mount holes.

The model has been discontinued on Tesco.

There's one on Amazon for like £45 but it fits from 18"-35" so

Thanks

Have you thought about getting it mounted instead? If so this would do just fine:
