FREQUENTLY ASKED QUESTIONS

Q: Does this method work worldwide?

A: Yes, it should work anywhere in the world as long as you have internet connection.

Q: Are these methods illegal, do they involve scamming or gambling?

A: These methods are whitehat and they don't involve scamming or gambling.

Q: Is there an investment needed for this eBook?

A: Only a small amount for first method, and no investment at all for second method.

Q: How much can I earn within first week?

A: I had reports of people earning \$1k in one day, I don't know if there's a limit for earning with this method.

Q: Is there any age restrictions?

A: Not at all, age verification is not needed in neither of the methods.

Q: I didn't make any money, can I get a refund?

A: Advanced package covers money back guarantee, so yes, you can get a refund.

Q: Is this method saturated?

A: I made sure it doesn't become saturated, no matter how many people do it.

Review for NetProfit:

I will start with a quick review of the e-book; The e-book it is short and sweet. It gets to the point is very well written. There is nothing more needed to be said.

The two methods themselves are good. They both require no investment, I believe Trygon made an error here. But so far the first one has worked out well for me. I made \$27, so I haven't made my money back, but its proof that it is working. I am going to be honest the methods are not very original, and I can see them getting saturated. But only on one of the sites, you can adventure anywhere to do this method and profit. But the second method is kinda of a one hit wonder and is a little grey hat, but it earns good money, but it is a very public method. All in all I don't believe the ebook is priced well. But I am earning and that is what I paid for.

I think this is great for beginner,sppa people who aren't will to do a lot of work, and just sit back and make \$30 dollars a day or so, warning there will be a startup before you hit that.

Well, I'm posting here because Trygon asked me to write a review about Netprofit..

I have purchased this amazing ebook 2 days ago because Trygon methods never fail to amaze me with his ebooks. I didn't put a lot of effort in this one but it still paid off because I earned \$320 literally overnight.. I have setup the method and went to sleep, woke up to \$320 in my Paypal account. There's nothing else to say except it works, i already made my money back and more than \$280 profit so far and I'm planning to add my own twists to this method to make it work even better.

Thank you trygon once again for working method, cheers..

Trygon was kind enough to offer me a copy of this ebook and I didn't want to write anything until I see earnings because I was a bit skeptical at first. Turns out this was one of the best ebooks I have ever tried, he literally spoon feeds you and there's no way you can't earn with this ebook. I've tried this ebook yesterday and logged on Paypal today to check my balance and saw this:

Fucking nice ebook you got there, you definitely got a vouch from me.

So I'm back for you guys, bringing the update on my earnings.. After I decided to make a new PayPal (for more profit) and got verified all I had to do I set up everything like in the ebook and I was done. After waking up in the middle of the night I looked at my phone and saw an email from PayPal. 10 minutes of work for 250\$, it doesn't get any better. I spend a lot of money on ebooks and ways to earn money. That was all BS. Until I meet Trygon, his ebooks and his monetizing techniques are awesome, pure madness. His methods helped me with my college and he has made me financially

also, his support is one of the best I've seen, if you have any question this guys will do it's best to help you earn a bank. Vouch for Trygon, his support and his products. You are the best, again :D

(Jul 30, 2015 09:32 AM)jacktheturtle Wrote: [\[CITE\]](#) I will start with a quick review of the e-book; The e-book it is short and sweet. It gets to the point is very well written.

There is nothing more needed to be said.

The two methods themselves are amazing. They both require no investment, I believe Trygon made an error here.

But so far the first one has worked out well for me. I made \$27, so I haven't made my money back, but its proof that it is working. I am going to be honest the methods are not very original, and I can see them getting saturated.

But only on one of the sites, you can adventure anywhere to do this method and profit.

But the second method is kinda of a one hit wonder and is a little grey hat, but it earns good money, but it is a very public method.

All in all I don't believe the ebook is priced well. But I am earning and that is what I paid for.

I think this is great for beginner,sppa people who aren't will to do a lot of work, and just sit back and make \$30 dollars a day or so, warning there will be a startup before you hit that.

Nice earning guys, keep it up! ?

I'm aware most of the eBooks on market are hard to do and saturated (not to mention they are copy & paste of leaked ones), but I've tried my best to make this method as simple and as straightforward as possible. There's really not much I can tell you except it works and it will always work as long as the site in method exists.

Also, profit you're getting from doing it is enormous and no investment is needed.

His methods helped me with my college and he has made me financially

also, his support is one of the best I've seen, if you have any question this guys will do it's best to help you earn a bank.

Vouch for Trygon, his support and his products. You are the best, again :D

(Jul 28, 2015 11:57 AM)SoCloseToToast Wrote: [\[CITE\]](#) Methods work flawlessly as I made \$1k just from these methods!

It's really easy to setup and you can literally set it up and check it once in a while.

I still continue to make even more money than ever with trygon's method.

He also helped me with a lot of questions I had regarding the method, his customer service is amazing..

Definitely A+++ eBook, recommended!!

(Jul 31, 2015 11:21 AM)Chief Wrote: [\[CITE\]](#) Trygon was kind enough to offer me a copy of this ebook and I didn't want to write anything until I see earnings because I was a bit skeptical at first.

Turns out this was one of the best ebooks I have ever tried, he literally spoon feeds you and there's no way you can't earn with this ebook.

I've tried this ebook yesterday and logged on Paypal today to check my balance and saw this:

Fucking nice ebook you got there, you definitely got a vouch from me.

(Jul 28, 2015 09:34 AM)ProductiveHQ Wrote: [\[CITE\]](#) Totally legit method for making money, this is the bomb guys, don't hesitate on not buying it, you won't regret it.

Made my money back on the same day I purchased the method. Totally vouch for Trygon, great method bro :)

Thank you to my broski Trygon, his eBooks are the only eBooks that work, others suck ballz. Here is some earning i made using Trygon's method:

(Jul 30, 2015 09:32 AM)jacktheturtle Wrote: [\[CITE\]](#) I will start with a quick review of the e-book; The e-book it is short and sweet. It gets to the point is very well written.

There is nothing more needed to be said.

The two methods themselves are amazing. They both require no investment, I believe Trygon made an error here.

But so far the first one has worked out well for me. I made \$27, so I haven't made my money back, but its proof that it is working. I am going to be honest the methods are not very original, and I can see them getting saturated.

But only on one of the sites, you can adventure anywhere to do this method and profit.

But the second method is kinda of a one hit wonder and is a little grey hat, but it earns good money, but it is a very public method.

All in all I don't believe the ebook is priced well. But I am earning and that is what I paid for.

I think this is great for beginner,sppa people who aren't will to do a lot of work, and just sit back and make \$30 dollars a day or so, warning there will be a startup before you hit that.

(Aug 2, 2015 06:43 AM)°C?IL Wrote: [\[CITE\]](#) I have personally never seen a method like this, it is easy to setup and is guaranteed to work,

you could be making money within 20 minutse of setting this up, or even sooner. The ebook is well written and personall not found a single spelling mistake,

Trygon really know how to word things and make stuff easy to understand. I always have success with Trygon's methods,

made over \$350 in total with all his ebooks, you can not go wrong if you buy this ebook.

I'm in no way affiliated with Trygon, but I would never hesitate to buy his products, I've bought 2 so far (sadly didn't have time to buy his other xD)

but I can honestly say if you buy this eBook & actually follow it, you will earn \$\$\$

Thank you guys for reviews, I'm glad you're all earning. :)
