Balding - July 28, 2015, 6:06 am

So it's about time someone gets a free rank.

In order to win you must convince me you deserve this upgrade. I will be choosing 1 member to upgrade. Post your reason(s) you think you deserve the upgrade with a few HQ threads you have made.

Entry requirements for the l33t upgrade are as follows:

200+ high quality posts
+rep
Warning level under 20

Entry requirements for the ub3r upgrade are as follows:

650+ high quality posts
+rep
approved for the rank obviously
Warning level under 10

Contest ends August 5th.

Please give me at least 2-3 days after the contest ends to go through all the applications. Thanks.

Hey, my names intersectno1 and I'm looking for the L33T upgrade. I have been on hack forums for just under a year and have enjoyed every second. I learn here, teach here, help here and just have a good time. I mostly spend my time in the CSGO Section, where I use my knowledge of counterstrike to help others, I also help people get higher ranks for free and feel like I am being a high quality member to HF.

I personally love to help people, I believe if I was L33T I would instantly gain more respect and become a more trusted user which in turn would help me, help the community more.

Sincerely, Intersectno1

Hi Bald Cat, I'm Increment :)

You surely don't know me, but I am pretty active in the NET programming section, helping when I can. I am fairly new here, but this does not change the fact that I fell in love with this community. I log almost everyday now and this is not going to change. I learnt so many things here it's incredible, I had to start to give back to the community (Please check my 2 theads below). I also helped many members starting their projects (Apps, Websites, Money Making Guides..) via direct post, Skype or PM.

I think I deserve the upgrade because I have still a lot of things to offer to this community, including my experience in programming and with computers in general. I am actually writing a document to make money online, which I will give for free in the right section. This upgrade would definitely make me an official member of the HackForums family.

Here are 2 of my threads who definitely helped some members.

Programming Skype Group : <https://hackforums.net/showthread.php?tid=4643215>

French Help Desk (Even if not very popular) : <https://hackforums.net/showthread.php?tid=4128008>

Thanks alot for your time, if you have any more questions about me, please send me a PM, it will be a pleasure to reply you.

Regards,
Increment.

I'll consider this then.

Unless the number of posts goes up on this thread I won't be doing it as it might just be a waste.

To contribute more for the HF community mate.

NonLeaf - July 29, 2015, 8:53 am

Hi,

I can't tell if I deserve be upgraded to l33t but I've been helping HF with my graphic skills for the past months, I'm active and I thought about upgrading lots of times already but when I was going to upgrade, there was no option of "Paypal" for my country and that is my only option of payment, sad... PMed Omniscient and he told me that I had no chance of paying with Paypal and that's why I never upgraded.

As stated before I've been doing my best to help all the users here at HF and I think I am going in a good way. This account was created back in 2012, it has some time already.

I'm glad that some people like you exist not only in this forum but in our world, a great majority of people would never start a contest like this.

Well, it's up to you, thanks for starting contests like this OP.

Good luck everyone! ?

Hello, as you can see I am KanyeWest.

I would like to enter this giveaway, why do I deserve this?

Well I wouldn't really want to brag about myself, but the time I spent here were the best times in my life.

I've met new friends, etc.

I've done a numerous amount of giveaways and this is why I deserve this, not only for upgraded members but also for normal members.

They deserve giveaways too, so why not :)

Hey there, I would love to be upgraded to UB3R. (Yes I'm already approved).

The way I contributed (and want to continue contributing to the forum) is:

- Upgrading to L33T (that's a thing right?)
- Helped out and contributed a lot to the E-Whore section
- I hosted some BTC Giveaways; Spoiler ([Click to View](#))

I deserve it because i like HF, im not gonna sponfed you with ass-licking bullshit.

I think i deserve it because im a very active guy and getting L33t would make HF even better for me.

I do try to help some people in the CSsection from time to time also.

Thanks for this oppurtunity (rip spelling)

Elliot Alderson. - August 4, 2015, 10:28 am

Well, i think i'd deserve the L33T upgrade, as from 05-08-2014 when i joined HF, I've spent 2 Days, 18 Hours, 16 Minutes, 41 Seconds here, learning, buying, giving, receiving all from a great community, I literally find myself on here for life issues, anything computer related, cracking, anything. Plus with L33T I'd find myself motivated to be on here a hell of a lot more.

and continue learning, buying, giving, receiving from this great community.

My time on HF has been great, met so many great people and done so many great things, but tbh if you gave me L33T I'd probably have to go run and jump of Mr.Eiffel bcus that would b amaz3b4llz

Thanks

- Clay.

Good luck to those who can enter! I would enter if I hit the requirements but sadly I don't have 200 posts. I wish the winner a congrats in advanced though.

Quinn. - August 5, 2015, 11:19 am

First of all I'd like to say thanks for holding this contest it is a great thing to do.

I think I deserve to get l33t because I have helped out and continue to help people in the sections I

go most; Runescape, League of Legends, E-Whoring and such.

I did a small BTC giveaway a few weeks ago and would have continued to do them for the members.

I always am positive in what I post, HQ in what I post and try to always help people out when they need it.

I would have made this look a lot more aesthetically pleasing post but my photoshop is being weird at the moment.

I hope you enjoy my entry and good luck to the one who wins.

Thanks again Bald Cat, stay frosty!

Balding - August 5, 2015, 11:19 am
