Hi, I can't PM you so I'll request it on here. Can you send me the DLs for them all? Or if that is too much work, just Jonna and Jackie's packs are okay. Thanks in advance.

Also, kudos to you for spending so much time collecting the photos and creating these packs. It's hard to find a bunch of selfies of the same person that don't pop up on Google when you reverse search it.

Wow, that's very generous of you to share these, i'll have to take a look. This is my new account on hackforums and ive had great past experiences with ewhoring and know people that are in the industry. I saw your YouTube video on how to ewhore on kik since its been a while and I just recently built a PC. I found it very exceptional and well rounded.. I was wondering if you could invite me to the skype/kik ewhore group? Im definitely willing to support everyone in it, give advice and take advice. That would be great, thanks.
