Angel Beats?? - July 28, 2015, 5:42 pm

I am a bit fucking stupid lel but w.e.

Was gonna buy his LOL account with like 350 skins nd shit. We talked for ages about it. I paid half then got sent the shit. Paid the rest and then account was recovered. That is about it. Now I havent actually been blocked on skype which is weird but ive been ignored for 10 hours.

Last I saw of him. Might not be adequate proof but hey im stupid.

Acted like my friend for ages, scams me for a LOL account. Thats about it. Laugh at me all you want. Just here to warn people about "Nimano".
