Hello everyone,

Today I'm going to giveaway a free service of "Facebook likes" for your photos or status. And this free service is in behalf of the great group called RedLions.

What should you do to get likes?

1. Make sure change your photo or status' privacy to "Public".
2. Make sure change your "Followers" to be "Everybody". (Facebook>Settings>Followers)
3. Post your photo/status link or ID. If you want, you can also PM me the photo/status link or ID .

Post in this format:

Code [color=#1E90FF]Facebook Photo(s),status link/ID:[/color]
[color=#1E90FF]How many likes do you want?(limit 400):[/color]

What are the requirements?

1. You must belong to the Leet/Uber user group category.
2. You must be a high-quality member.

Once your photo/status gets likes, you'll be informed via Private message.
