I believe you're already giving me a vouch copy for the Cracking mentoring, however I'll reserve my spot here for the review anyways.

You should really specify what type of cracking you wish to do.

This will teach you how to be a script kiddie.

Let me address a few things with you;

1. Sales bashing is against the rules.
2. You do not know what my service consists of.

So, please fuck off and don't sale bash me.

You can feel free to send me anything. I do not advise you to have people do work for you. This whole service is ran in order for you to be able to do these types of attacks yourself.

I will gladly do this for you if the price is right
