It was a 10\$ job

v1:

Spoiler [\(Click to View\)](#) v2: Spoiler [\(Click to View\)](#)

the credits of the images included in the design are not mine.

Thanks.

Not bad, but I can make a few criticisms.

1. The Skype icon is a letter, and then there's no icon for E-Mail?

Spoiler [\(Click to View\)](#)

2. It would be better if you changed the format to:

Spoiler [\(Click to View\)](#)

<-- Line divider here.

<-- Line divider here.

<-- Contact Info at the bottom.

3. The icons for Netflix, Minecraft, etc could be smaller.

Other than that, I got nothing, and it's all pretty chill design.

Good job!

I would give the first one a 7/10 pretty decent.

I like the first one. The red break helps divide the page and gives a break for the reader
