Thread: [can you make this clear](#)

jdBoNeZ^ - July 30, 2015, 1:56 pm

3 people robbed our local subway the cameras got there photos but quality is horrible. I thought of my second home here and just maybe a few are good with photo editing. I will upload this picture if anyone would like to try and enhance the picture that would be cool. I tried to zoom and few other things but it looks horrible.

Below is the suspects photos

[3 Robbery Suspects](#)

lenaos - July 30, 2015, 8:20 pm

No one here can make the image clearer than it already is, sorry.

jdBoNeZ^ - July 30, 2015, 8:24 pm

i was able to get it better then the picture i figured some photoshop pros could do something. If you got a minute anyone give it a shot :) thx.

Probably just that if you want a more no pixel image. Because we GFX pros always use HD images.

-Taunt - July 31, 2015, 8:15 am

God dammit, why black people.... why :(

cortz - July 31, 2015, 11:24 am

We can't recover information in an image that is already lost.

If you want someone can redraw their faces or something (which we're creating new image information) to make the picture look 'clear' but I don't think thats what you want.

jdBoNeZ^ - July 31, 2015, 11:44 am

Well thanks for your post and the info :]

-Taunt - July 31, 2015, 11:46 am

Lmao i got a neg for being "racist" stupid ass people.... I'm not racist i was saying it as a joke?

Vogue - July 31, 2015, 11:48 am

Post it on <https://www.reddit.com/r/RBI/>

Maybe someone there could help.

DaemonSic - August 1, 2015, 2:53 am

Ahhh, black people...I'm not even suprised.
