Thanks for the giveaway, really cool of you to do for the community.

I'm pitifully low on bud currently, so I included some blotters in my picture.

Being dankrupt is a rough time man, hope you don't mind.

Not much to choose from locally, you take what you can get.

How you want me to confirm? I have a picture of it on my phone. You want me to take a picture of the picture of the date it was taken with my other phone to put it on here? I used to send those snapchars out everyday to Clark, Saturday, and Vinnie. It got so annoying to a point where Saturday no longer has me on Snapchat. You can reverse image it. That's the only picture of it I have.

*Sec, I have a screenshot of the details of when the picture was taken!! (Surely, I would not have predicted the future?!)

Oh!! And I think I sent that snapchat to Clique as well!!

I don't even live there anymore, either. That was just during univ. My friend still lives there, I can probably get him to take a picture of that particular CORNER of the kitchen if you so wish, but that'll have to wait a bit as he has work and doesn't wake up until 6 in the afternoon. You can look at the kitchen yourself.

Search up Mustang Village Apartments San Luis Obispo.

y would i lie about something like this lol, that wouldn't be fair to the weedgods.

Here are my 2 Greenhouse Cheese mother plants, I have grew them with only a single T5 lamp, kind of an experiment, definitely won't do it ever again, going to be switching to a new bulb soon.

Let me fix this sorry.. edit

User has apparently disqualified themselves from contest running by getting banned...??? Whoops

(Kinda makes me wonder what one had to do to get banned, I mean its not rocket science to be a reasonable member on this website...)
