Thread: [100% FREE MIDDLEMAN SERVICE - TRUSTED - NO MORE SCAMS](#)

SIM-1472133 - August 3, 2015, 1:11 am

Hi guys,

I am hosting a free middleman service for all to use. Basically everything will be dealt with on HF and Skype. PM me for my Skype. I have 0 scam reports ever, that's right!

I can middleman anything like trades to selling items/service as long as it follows the rules of HF

Example to how my mm service works.

Exchanges

The user requesting the mm will send me the funds. The other user will then send over their funds directly to my client. After that I will send the funds to the other user.

Purchasing product/service

My client will send me the funds for the product/service. I will then hold onto the funds until the service/product is given to the client then I will send the funds to the other user.

TOS:

I can choose to decline your request.

PM ME TO USE

Vouches:
