Enjoy. ?

It's missing the packs I would have included unsaturated ones but I'm lazy and I'm not making any money off this so fuck it. Even though it would have been a couple dollars per sale lol :P

Cammy - August 4, 2015, 11:39 am

Don't put it out here in the open for free like that everyone will just leech the shit out of it

Teemð - August 4, 2015, 11:42 am

Thanks for this.

Now that website is going to be saturated as fuck and this method too. :D

Ordinance - August 4, 2015, 11:46 am

You should've at least gave it to HQ people only.

Now it's going to be all saturated with a bunch of ewhores desperate for money.

Acid. - August 4, 2015, 11:47 am

Make only for l33r/ub3r or will get saturated

Wings of Redemption - August 4, 2015, 11:49 am

The book looks awesome. Honestly, has a lot better quality in terms of design/writing than a lot of ebooks for sale on HF.

(Aug 4, 2015 11:47 AM)Medicine. Wrote: [\[CITE\]](#) Make only for l33r/ub3r or will get saturated

Lel. Being L33t/Ub3r doesn't matter -- it doesn't automatically make you any more HQ than any regular user. I think it should only be for HQ users, because recently there's been quite a few people without common sense in the E-W community.

But it's really up to OP, that's just my opinion. Thanks for sharing your knowledge.

Enzio - August 4, 2015, 11:57 am

To be honest, you should give to HQ users only to prevent leeching.

But it's up to you :).

Bobby Shmurda™ - August 4, 2015, 12:09 pm

Thank you very much for the share, only problem is the desperate "noobs" to ewhoring will abuse this method by not conducting it correctly.

*Edit: After seeing the method I can confirm it DOES work. I stumbled across it almost 6 months ago and made decent money, thanks for the reminder.

Leeway - August 4, 2015, 12:10 pm

I don't know why in hell you would give out a method like that but thanks.

Corwin - August 4, 2015, 12:13 pm

You should have gave it to upgraded members only, but thanks for the share. ?

Carpe Diem - August 4, 2015, 12:17 pm

Notorious™ - August 4, 2015, 1:15 pm

Thanks for the share OP.

As for the people that say this will get saturated: There are lots of people that use the kik method and many are still able to make at least 100\$ per day by dedicating 4h into it.. Saturation doesn't really matter probably because the people who aren't able to use their brains to think and can't make a dollar using any method, they probably would not make anything even if it wasn't saturated. It's just a matter of using your brain to play around the situation.

There are so many good methods here that are saturated but if you changle a single variable it becomes unique again and you can make lots of profit.

I bet most just write something like "I'm a real girl dude, 3\$ and I give you 400 pics plus a 1h video. Do you wanna buy bro?"

The Godfather - August 4, 2015, 1:15 pm

Hopefully the site doesn't take it down again...

Kik isn't a traffic site, so it can't become saturated. The method in the book had unsaturated traffic sites.

I don't know about the method because when I came the file was taken out, but it still serves as an example to prove my point..

And if you want unsaturated traffic sites that's easy too.. You just have to think like everyone else, and then change everything in your idea. Of course if you type keywords on google like "chat room", "cam room", "dating forum" and go for the first results don't end up crying that it is saturated.
