Hey all, on behalf of NoHax and his site www.hourboost.com, I am giving one person a redemption key for the gold package:

This service quite literally just boosts selected games of your choice on steam.

Who qualifies for this giveaway? Anyone!

What do you need to do?

Post below the following:

1. Your favourite game on steam
2. What game do you have the most hours on (possible screenshot?)

Your submission will create a number based on your post (i.e, third person = number 3) will be selected.

Don't forget to check out www.hourboost.com and see if this giveaway is something you need!

Currently, my favorite game on Steam is Call of Duty 2. I completed CoD1 not too long ago, and now moving onto the sequel. I decided to finally begin playing the huge backlog that is my Steam library.

The game with the most hours on my account would be Team Fortress 2 @ 1015 hours logged.

Here's a screenie
