jans123 - August 9, 2015, 6:40 am

hello,

i got a Amazon Giftcard from a guy ,but the code doesnt work.

The Claim Code has 12 numbers.

What is wrong ?

He sent me the screen of the amazon e-mail..

N3wb Gamer - August 9, 2015, 6:41 am

Send me the code and I'll try getting it to work :)

unopie - August 9, 2015, 6:41 am

It means he scammed you, sorry man, try to enter the code carefully once more if you haven't already.

YinYang - August 9, 2015, 6:42 am

He might just be trying to scam you...

it's possible he claimed it for himself.

You got it 100% correct? Double check it, tell him it doesn't work, he is 90% likely trying to get some free shit.

Hope you get this sorted ?

Aliasllias - August 9, 2015, 6:43 am

He's trying to scam you, nowadays I see a lot of those time wasting scammers.

y-y-youtoo - August 9, 2015, 6:44 am

Mate, he's fucking with you, had this yesterday. Just block and move on

xXx420BlazerinoxXx - August 9, 2015, 6:46 am

One agccode does not simply have an expiration date either bug either refund. Therefore you got scammed, mate.

Once I tried this with a customer. He gave me a false code, I said:"Im sending you the things ;)"

But I did not.

And his reaction was:"The code really worked? :O" - Thats how you expose scammer fa.ggots

Just a thought: Maybe he bought the AGC for another country?

Or ask him for a screen of the delivery status.

(BTW: If the AGC is real, it have to contain also letters instead of numbers only as far as I know)

Matt Bomer™ - August 9, 2015, 6:49 am

He is just trying to bluff you with some random code, do not send pics/vids till you validate that code.

Another reason of code not working would be if he bought from .uk and you are trying to redeem in .com or otherwise.

He scammed you and you wont get our money back.

Yes, he probably bought the gift card on amazon.ca and you try to redeem it on amazon.de

That doesn't work, dude!

Maxi - August 9, 2015, 6:56 am

So which giftcards do you buy for amazon global? Because there are no amazon.se :(and I live in Sweden

jans123 - August 9, 2015, 6:57 am

Quinn. - August 9, 2015, 6:58 am

That's actually not possible. ?

You can't buy a gift card with gift card money on amazon.

Also you can't transfer to different countries.

He probably charged the gift card back because it wasn't redeemed yet and then bought you the amazon gift card on amazon.de ?
