hello again :D it's k4rm4 here (im starting to feel kind of a psycho, sittin here and almost talking to myself)

i was just sitting and playing a little with photoshop, and i was thinking about starting this then :D

im dealing out a free service, where im editing the "proof pictures".
you know when a guy asks you to write his name on a piece of paper.

im new to this, that's why it's free, so im sharing the 2 projects i just did, tell me what you think and hit me a pm or add me on skype if you want some help with editing :)

this is a picture where I have edit text on paper and body
