HUGE VOUCH for my homie King Tut.

Asked for "Hey it's chrissy just proving i'm real hun" and it was exactly on point.

Service is absolutely legitimate. Got the video i asked for and it was delivered within a couple minutes.

Fast, on point, and is going to be the new thing in e-whoring.

Fast and excellent. A huge VOUCH for this guy (and girl ?), this could be a lifesaver for anyone that doesn't use VCWs as a method to either avoid the dreaded "show me a video" confrontation, or simply as a solid way to verify yourself to the "victim". 10/10

Can you please explain to me how a video of feet and a girl talking is going to increase sales? If I was a picture/video buyer, I would want proof of the girl talking with her face in the camera... I don't see how this is going to help sales, honestly.

Its just showing her voice and your custom message. The girls don't show there faces because everyone uses different e-whore packs.

My point exactly about different packs. I'm saying, guys are going to see this video, then ask for one of the face to prove its "really you." and not just some ugly girl using a hot girls pics to sell.

when guys ask for a personification picture of you holding up fingers etc and you' cant provide them you can do this. You must not know how to SE because I've never had someone call me out when using this vids.

You have to know how to work it. I always play up a bad case of social anxiety (which I know alot about with a wife who has real issues with it) and explain how pictures are sort of a freeing way for me to be outgoing because I can pose and retake them till they're perfect, but that I get really nervous and stressed out with live videos.

That's where this comes in. I get request VERY frequently for a short couple second video for people. Yes some will want a face, and you can either try to work them, or just move on. But I get lots that just want to hear a voice. If it's customized well enough with your name and story... I can see it working wonders.

No, actually penetration doesn't make you lose your virginity if you're getting fucked in the ass. That would be like saying a dude who fucks a horses ass is no longer a virgin. No, they are still a virgin because A.) A horse isn't a human female, and B.) Anal sex doesn't constitute as losing your virginity. Look it up dummy. Spiral Galaxy - August 12, 2015, 3:50 pm

I'm pretty sure sales can be boosted with this if they ever ask if you're real or they are getting suspicious throw this their way it will prob add a few more people that wouldnt have paid before

JuiceProductions - August 12, 2015, 6:52 pm

This is nice and all but it's literally the matter of doing this yourself for free lol.

real girls are doing this. Not some idiot using a voice changer that sounds like shit. Thanks for your opinion though.

Also if you record it using a voice changer you can't send it live on kik thus why I opened this shop.
