Thread: [Happy 3 year anniversary on HF <3 <3 <3 <3](#)

Dr.Penguin - August 11, 2015, 9:14 pm

HackForums I joined just 3 years ago from today. I still remember that day like it was yesterday. I joined a Skype call and they was prank calling. They called my friend to mess with him, his father told us that he worked with the government and he wasn't to be fucked with. Jerry was dumb and called the number on his mobile phone. My friend's father confirmed Jerry's full name. Jerry got super paranoid. We all did.

(some parts may be left out here)

I proceeded to destroy my old computer (not sure why I did this but this is the end result)

The End.
