Lol you can't enforce people not to resell them.

Just sell them yourself.

These accounts are all worthless, so.

@doctor and @usa are worthless. You can make them on mail.com. youtube MIGHT have value if it wasn't @doctor Imfao. Nobody will believe a
[img]http://images.wikia.com/runescape/images/archive/0/0b/20110305043120!Fishing-icon.png[/img] email from @doctor, and that's the only value there might be in a "youtube" email.
