Internet Explorer. - August 14, 2015, 7:13 am

Mine, personally, was probably when I decided to ask out my girlfriend.

What about you?

The Supreme Gentleman - August 14, 2015, 7:14 am

I don't really have one. I'm not proud of anything I've done. I've never done anything remarkable.

Chrome. - August 14, 2015, 7:15 am

Nothing because I'm a lazy piece of shit.

Vitani's Mate - August 14, 2015, 7:15 am

When I took a massive shit that blocked up the toilet.

Fuck that was one of the best days.

Thierry - August 14, 2015, 7:16 am

I've achieved nothing so far that I myself am proud of, there are other people proud of me for shit that i've accomplished but personally, I'm not satisfied

Mnikkilla - August 14, 2015, 7:17 am

Soon to be when I start my business, p gonna be rolling in, one was when I made enough money to buy my xbox one in ONE WEEK I was so proud.

woahxx - August 14, 2015, 7:17 am

When I hacked into the CIA

Coton Pker - August 14, 2015, 7:21 am

it's going to sound dumb..

but when I told the detective to "have a nice day, I'm going to work" 2 years ago.

with life in prison worth of inadmissible evidence sitting on the table in front of him and I.

because he acted hastily with no warrant.

second to that, probably when I beat a 500hp corvette in bracket racing with my shitbox integra.

he was so angry that my honda ran a better 60ft and I'm a better dial-time driver than him.

Sorry, couldn't resist :D

oh no no, it's not fast.

it's a slow shitbox that ran 14.9

but I'm a better driver than the dude in the z06 with "505hp" as noted by the badge on the side lol.

so he was mad.. you see he smoked me in the quarter, but in bracket racing that doesn't matter.

bracket is about good drivers, not fast cars.

Walt Disney™ - August 14, 2015, 7:34 am

Probably graduation, or hitting level 90 on WoW. A toss up.

Probably when I got my scholarship at such an early age (I was in 8th grade when I got it) and I'm not gonna lie whenever I bring it up I brag about it because it means that much to me.

Slavoj Žižek - August 14, 2015, 9:16 am

Probably the time where i made enough money to take my mum and dad to a really fancy meal :D

Cammy - August 14, 2015, 9:18 am

I feel the same way. I've not done anything too good.

I guess I'm proud of how I'm starting to become more responsible (ap classes, doing a lot of shit for scouts, school, band, etc).
