Alright so I bought a Thread design from this guy and here is my review:

[+] Skype Chat (9.5/10) - Very helpful and friendly user, answered all my questions without hesitation.

[+] Thread Design (9/10) - I really love the way you animated the thread design. It become very nice-looking after we changed a few things as well.

[+] Deadline (7/10) - It took about 2-3 days before we were actually done with the design, but that was because I wanted him to fix a few things. But yeah, otherwise it would've taken about 1-2 days minimum! That's good enough for me.

[%] Overall (8.5/10) - I really think you can purchase a thread design from this guy. It might take 1-2 days but you will definitely be happy with the results!

Thanks a lot!

It took a bit longer since you wanted everything animated, but it's great to hear that you're happy with the result!
