I've never used Tor with MultiBit, though there was this one time when I waited about 40 minutes to sync with the network. Slow internet is a bitch ?

**Josh\*** - August 14, 2015, 8:13 pm

What is the reason for using Tor? Just curious.

**w34k** - August 15, 2015, 4:17 am

If you are using MultiBit, it should be quick. MultiBit only syncs info for your transactions vs the whole block chain.

I wouldn't trust Tor too much.

**FedRick** - August 15, 2015, 11:22 am

I had account banned for using TOR on multibit long ago. Thats what the customer support told me. So stay secure
